Keeping Up - -

With Uplanders

By V. V. P.

PAY AS YOU GO

Governmental agencies should "pay as they go."

Basically, it takes a certain sum of money to maintain public agencies. As population increases, assessed valuation should also increase. This growth then in taxable property should produce enough money for expanded municipal services.

Such is the case with the Upland city government. Upland's assessed valuation for 1958-59 has been increased sharply. It is likely the councilmen may reduce the basic tax rate due to this boost in valuation.

For years a general tax rate of $1.28 prevailed here. That produced enough money for all the normal services. When economies can be made, the rate should be reduced. . . . and that may be done by the councilmen tonight.

OLD FRIENDS

Bill Williamson greeted a few friends in downtown Upland the other day.

He would liked to have seen many more friends.

"But I can't find many people I know in this town any more," he admitted.

For more than 30 years he has been busy up at Mountain Ave. and 21st St. He is a veteran citrus grower and he formerly maintained a very popular garage and service station.

"I am almost a stranger in my home town now," he continued. "I know I don't get to be down here on main street as often as I would like but when I do come I seldom see many of my old friends." With that he doffed his broad-rimmed hat. It was a hot day. He wiped his face.

"Frankly I see more people I know when I go down to the auction in Ontario than I do right here in Upland," he explained.

Many other Uplanders are in the same position as Mr. Williamson. It takes a mighty busy person to keep in touch with all Uplanders now.

And along came Mrs. Ray C. Norton. This 80 year old woman gets about handily with a walker. She made a steady advance down the street, smiling and greeting those who spoke to her.

Not far away was Bert Hendy, with his cane. Fred Draper and Geo. Pearson chatted on the sidewalk. Allan S. Barr is another oldtimer. He was headed — of course. . .to the doughnut shop then back to the bank.

POST SCRIPT:

Miss Universe has been named for 1959, and we heartily endorse the new queen and the pageant surrounding her selection. We were not well aware of Miss Colombia before she was one of the 15 finalists as we had both she and Miss Brazil confused to the point we thought they were the same gal. Considerable debate has arisen regarding the four runners-up, but when an international board of judges is considering the beauty of the Orient, Asia, the Pacific Islands, South and Central America, Europe and the United States, it approaches the impossible when selection of the final five is the task at hand. We would probably have chosen Miss Holland as a runner-up, but we have no criticism of the judges. The top 15 girls were an exceptionally beautiful group and the winners are a representative quintuplet of this prize collection.

WOULD YOU REPEAT THAT ADDRESS, PLEASE?

A friend of ours, Lee Baker, recently moved from the Cucamonga district to Ontario. We disliked seeing him leave the Upland-foothill district but it was with decided relief that we quit directing mutual friends to his place of abode, located on "Mallachite Drive, Acapulco Haciendas, Cucamonga, California." That was one mouthful that would trip up a specialist in unique names, even Jack Benny.

Hospital Installs New 200-Line P.A.B.X. Telephone System

Pictured with some of the new equipment installed as a part of San Antonio Community hospital's new telephone system is Thos. Mickelson, administrative intern.

In keeping with its constant program of planned expansion, San Antonio Community hospital has completed installation of a new 200 line P.A.B.X. telephone switchboard. The new equipment, which represents a great improvement over the old system previously in use, required more than 10,000 pounds of equipment in installation. The majority of this equipment has been placed in the basement of the new Obstetrical wing which is under construction. All that is on view is the new switchboard located in the main lobby.

The new system has extended the service to 12 trunks, a gain of more than 50 per cent over the old system. The new system also permits personnel in the hospital to dial directly to other departments, freeing the operators from routine calls and allowing them to devote more time to the handling of incoming or outgoing calls.

The new P.A.B.X. is in itself, a self contained telephone substation. It makes possible the use of two hundred phones throughout the hospital. This increased service is planned to supply the hospital's constantly growing needs for some time to come. It will also aid the hospital in fulfilling its main purpose, serving the patient and the community in the best possible manner.

Buy'n Bid Days In Progress

"Buy'n Bid" days are this week — today, Friday, and Saturday.

Buy at participating merchants and get not only excellent bargains but also "B-Bucks." Cash is awaiting three people who participate in this plan.

In the J.J. Atwood Co. display window are three bowls, each containing currency. What will you pay in B-Bucks for each bowl?

The highest bidder will win the bowl of currency. Blanks on which to write bids are at various locations in the Upland business district.

Incidentally, when you buy the items advertised in today's Upland News you will receive double the amount of B-Bucks. So, buy, get a lot of B-Bucks and then bid. You will get cash — if you bid the highest, and have the B-Bucks to support your bid.

$10 AD-Rime by Mrs. Zemba

Mrs. Michael Zemba, 9852 Salina St., Cucamonga, is this week's winner of the AD-Rime contest in The Upland News. She will receive $10 in the mail for having created what the judges decided was the best of the many rhymes submitted.

Her winning entry was:

"Do You Seek A Famous Brand?

"Local Merchants Supply Demand."

Mrs. Zemba, a housewife, qualified for the prize by submitting the correct "hidden slogan" and other points in the contest rules.

Another contest is under way this week. Read the rules, enter. . .and you may receive the $10 in prize money.

HOSPITALIZE DR. FARMER

Dr. W. R. Farmer, dean of Upland-Ontario area dentists, entered San Antonio Community hospital Tuesday after having spent two weeks at his Campus Ave. home. Dr. Farmer had previously been in an Ontario rest home. His hospitalization was brought about by a general weakening of his condition, according to his sister, Mrs. Coy Spies.

Child Crushed By Milk Truck In Alta Loma

Her body crushed by the weight of a milk truck wheel, Cynthia Chojnocki, 18 month old Alta Loma girl, was killed Wednesday morning.

She was dead on arrival at San Antonio Community hospital. The parents, Mr. and Mrs. John Chojnocki, reside at 10186 Wilson Ave., Alta Loma.

Sensing the grave danger of her daughter, Mrs. Chojnocki, displaying extreme calmness during the tragedy, drove her speeding car to the hospital. Ernest Paxton, a neighbor, held the fatally injured child in his arms but the baby was dead when hospital attendants made an examination.

John Rohrer, a veteran driver for Shady Grove dairy, was greeted by children in the family at 11 a.m. An older sister, Susan, received the milk delivery and another child and Cynthia played about the truck. Mr. Rohrer adjusted the cargo in his truck and before starting up inquired about the children and was assured all was clear.

Just as he backed up, however, he detected something had been struck. He jumped down to see the crushed body of the little child. Members of the family observed the tragedy.

Two other children other than the parents survive the tot.

An investigation was made by the county coroner's office. No inquist will be held.

Mr. and Mrs. Wallace S. Collins, 322 S. Campus Ave., have chosen Upland as their city in which to live in retirement. They formerly lived in Santa Cruz.

Best of 4, 1119 Accordionists

Geo. Mandala, 13, Wins Grand Championship

By GERRY McGEER

George Mandala, 13, of Cucamonga, made the headlines all over America this week whn he captured the grand championship at the Western States Accordion festival in the Long Beach Municipal auditorium, Sunday. George, the son of Mr. and Mrs. Vic Mandala, 9507 Turner Ave., entered the top class in his second appearance at the festival which this year had an entry roll of 4,119 accordionists, from 11 western states.

Two other young Mandalas, all pupils of their father, Vic, were entered. Teamed with his brother Tony, 15, George won another first. Tina, 8, also took first place in her age group.

Last year the boys won a third place. The three talented youngsters have won 11 trophies to date. George's prize at the festival was $250. Part of this money will be used to buy a suitable trophy and with the balance he is going on a trip with his father, mother and brother to Madison, Wis., to visit friends and relatives.

The trip will be a significant one for young George because, as his parents expressed it, he will be making many more in the future as he intends to make a career with his accordion.

In the past the brothers have played on TV with Lawrence Welk, Curt Massey and Al Jarvis, and have appeared locally and in many talent shows and the National Orange show. His parents expect that he will be asked to make many guest appearances in the coming months.

"This is just the first step. I hope he can enter the Olympics," his father said. "He should try for the world's championship when he's ready," his admiring older brother added.

Mr. Mandala said that the two boys have been studying for 5½ years. He reported he has had his ups and downs getting them to practice, especially the younger ones. There is a fourth child, Johnny, 6, who did not enter the Long Beach contest as he is too young.

"Children are children," Mr. Mandala said. "But they really love it." He teaches in this area, Pomona, Chino and Fontana.

Monday, as the news spread to friends and neighbors of the family, their ranch home filled with guests and the accordions were playing merry tunes.

George's number, well-known to all accordion experts was "Concert Stuck." Johnny La Padula, 1956 world champion, who was one of the judges, and a guest artist at the festival said of George:

"When this boy played "Concert Stuck," I had tears in my eyes. He played it so superbly and with this tune I won the world's championship."

Brings In Largest Engineering Firm

Kaiser Acts To Cut Flouride Emission At Big Steel Plant

BY JOEL BAUGH

Action to reduce flouride emissions at the Kaiser Steel plant at Fontana is being taken by this area's largest industrial corporation. Geo. B. McMeans, vice president in charge of operations for Kaiser Steel, announces the engagement of the world's largest consulting engineering firm to develop methods of reducing the flouride emissions at the steel plant.

McMeans states, "Personnel of Arthur D. Little, Inc., Cambridge, Mass., are working closely with Kaiser Steel's Air Control and Research staff to develop means of controlling fluoride emissions from steelmaking processes.

Engineers Assigned

"The group assigned to this project include Dr. Bruce S. Old, who was chief of the Metallurgy and Materials branch, Division of Research, Atomic Energy Commission from 1947 to 1949, and who is vice president of Arthur D. Little, Inc.; Richard W. Hyde, in charge of process metallurgical developments; Malcolm K. White, leader in the project, who has specialized in problems in gas cleaning and air pollution control for the past nine years, particularly in the field of control of fluorides; Dr. Ekkehard L. Kreidl, former research physicist for the Radiation branch of the Engineering board of the United States Army, and Dr. Leslie A. McClaine, specialist in chemical thermodynamics and the solution of process problems in the metallurgical and chemical industry.

"Although our own extensive research made during the past several years indicated that such emissions cause no damage to agriculture in the vicinity of the plant, we are aware there are others who do not share this view. Our goal is to obtain maximum control of these emissions so that there will be no question in anyone's mind but that industry and agriculture can prosper side by side in our community," Mr. McMeans said.

"To this end the Arthur D. Little organization has been instructed to draw upon the talents of scientists, engineers and chemists with a wide variety of research background in order that the most effective control program may be developed for our Fontana steel plant," he concluded.

Report Of Researcher

The News three weeks ago reported on statements made by Dr. John T. Middlton, smog research scientist and chairman of the department of plant pathology for University of California, Riverside and Los Angeles campuses, which alleged that a major portion of crop damage in the area surrounding Fontana could be directly attributed to flouride gases emitted at the steel plant Kaiser sources contend that the flouride gases are not doing the damage and that the Middleton report is inconclusive.

Dr. Middleton, at a press conference July 21, displayed a map of western San Bernardino county on which he had plotted flouride content found in air samplings taken in agricultural areas, including the following: Alta Loma, 45 parts of flouride gases per million parts of air; Cucamonga, 32 parts; Etiwanda, 123; Chino, 63; Rialto, 119; and Fontana, 211.

Dr. Middleton also claimed that "flouride effects in animals are known." He said that animals' bones get too hard from the same flouride which protects teeth when used at a certain desired percentage. "But too much has a reverse effect," the researcher said as he explained that animals suffering from too much flouride eventually are unable to walk and are made useless.

Adopt Ordinance

In session last week, the San Bernardino county board of supervisors adopted the Air Pollution Control ordinance, incorporating the compromise amendments submitted by the industrial and agricultural factions of the county. The amendments had been opposed by Geo. Bean of Upland, county air pollution control officer, who contended they would make it impossible to enforce an effective smog control program.

Kaiser Steel's announcement of the program to control its flouride gases will contribute to a renewed faith by the community in the industry's positive action toward smog controls and community service.

Consider City Purchase Of 2d Ave. Lot

Upland city council's finance committee is investigating the purchase of a parcel of property located at 463 N. Second Ave., immediately adjacent to the civic center property's northern boundary.

With the entire block bounded by D St., First and Second Aves., and Arrow Hwy., except for the lots fronting on Arrow, included in the master plan for the civic center development, Realtor Delbert B. Hensley appeared before the city council Thursday night to offer the property for sale.

Mr Hensley represented the owner, James Colgan, in reporting the property for sale at a price of $17,500. City Manager Elwin Alder recommended that the city move toward acquisition of this property and is working with the finance committee and City Attorney Henry Busch in studying the proposal.

The property is immediately north of the structure housing the city engineer's office, and is the site of an older home with a real estate and insurance office located on a front portion of the lot.

Mr. and Mrs. Albert Browning Jr., 385 Verdugo Way, with Barbara, Susan and Grift, are enroute to Scranton, Pa., where they will visit his parents, Mr. and Mrs. Albert Browning.

JOINS MARINES

RONNIE YNOSTROZA

Ronnie Ynostroza reported to San Diego recently for induction into the U.S. Marine corps, having enlisted for three years of military duty following his graduation from Upland High school as a member of the school's Class of 1958, the first graduating class here. A native of Chino, Ronnie has lived in this area all of his life. He is the son of Mr. and Mrs. Felix Ynostroza, 1403 Chaffey St.

City To Extend Trunk Sewer Line To Industrial Area When Development Imminent

New City Policy Provides Service Plan For Sewer Trunk Line Extensions and Lateral Line Rebates; Development Would Greatly Aid City's Tax Structure

City of Upland has taken a progressive step forward in inducing desirable industry to locate in the two major areas zoned for industrial development.

This action came Thursday night, when Upland city council took positive action on the request from Chamber of Commerce President Calvin Shores that a service plan be provided for encouraging industrial development. Mr. Shores and Jack H. Smith, the Chamber's industrial committee chairman, urged the city to adopt a policy whereby it would extend a trunk sewer line into the Mountain Ave.—Ninth St. industrial area, and provide a rebate plan whereby industrial developers could install sewage laterals from the trunk line to their developments and later be repaid for a portion of the cost by industries connecting thereto.

Policy Adopted

On the motion of Philip Holden, the council adopted the policy to extend the trunk line sewers in this area commensurate with its financial ability, with a rebate program for the installer of any lateral sewage lines in the area.

The trunk sewer line proposed for extension now extends west from Euclid Ave. along the north boundary of San Bernardino freeway, thence north on Mountain Ave. to Seventh St., where it ends. This line, under the new policy, would be extended by the city to a point north of the Santa Fe railroad tracks, as part of the city's community service projects. Laterals to serve new industries would then be connected to the line and extended to industrial sites by the developers, with the rebate plan assuring them of some financial aid from other industries later connecting to the laterals.

"A Lot To Offer"

Mr. Smith had told the councilmen that "Upland has a lot to offer but it has to be put in the right package to be of interest" to industrial developers. He and Mr. Shores explained that desirable industries investigating Upland sites have immediately lost interest in the area on learning that no city policy provided for trunk sewage lines to any of the industrial zones. They said an adequate six-inch water main serves the industrial area favored for earliest development, and one in which a number of industrial firms have shown an interest: The M-1 zone lying between the Santa Fe and Pacific Electric railroad track right of way starting mid-way between San Antonio and Mountain Aves. and extending westward to the city limits. This area encompasses both sides of W. Ninth St.

Mr. Shores indicated the chamber is most interested in attracting light industrial firms such as phamaceutical, engineering and instrument plants. He reported an instrument plant is now interested in locating in southwest Upland, favoring this area for its untapped labor market and other desirable qualities.

Tax Structure Aid

City Manager Elwin Alder encouraged the council to participate in some measure in installing the Mountain Ave. trunk line for sewage service to the area as development of industrial sites would greatly aid the tax structure of the entire city and thus could come under a community service program. He was strongly supported by Councilman Wm. Kistinger. Mr. Alder reported funds on hand for main sewer line extensions within the city total $17,500, but cautioned against depleting the fund as future development in other areas of the city will require similiar expenditure by the city.

The Chamber representatives indicated that the second most favorable industrial zone in Upland is that located north of Portillo St., east of Fifth St. and extending east to the PE spur railroad track west of Foothill Knolls.

Mr. Shores emphasized that the Chamber was not requesting extension of the Mountain Ave. trunk sewer line until such time as an industrial development in the area requires use of the line.

Development Activity Up

Two Tracts, 38 Lots Get Engineer Study; 45-Lots Given O.K.

With new real estate and building development in Upland taking a sudden upswing this month, at least a month earlier than the normal fall upsurge in activity, City Engineer Harold Wilder is checking two residential tract maps submitted to his office preliminary to applications for final approval.

Novell Realty Co. has refiled maps for its 24-lot tract in the undeveloped area at the southeast corner of Thirteenth St. and San Antonio Av. The Novell Co. is not a building concern, but restricts its activities to subdividing areas to be developed by private parties or by building developers. This tract, whose lots will face on both sides of N. Vallejo Way and the east side of San Antonio Ave., will complete the firm's subdivision of the residential area located south of 13th St. and west of the Euclid Ave. frontage lots to San Antonio Ave.

14 Nisbet Lots

Also submitted to the city engineer's office for checking is a tract of 14 residential lots, a portion of the over-all subdivision plan submitted more than a year ago by Howard D. Bowles for development of the Nisbet grove property at the southeast corner of Euclid Ave. and 13th St. The tier of lots facing on Euclid Ave. were approved in an earlier tract map submitted to city officials. The tract map now being checked by Mr. Wilder's staff is for the lots facing on the proposed extension of First Ave., south from 13th St., and two lots to front on the proposed east-west street connecting to First Ave. to be known as Nisbet Drive.

"U" Street Plan

This tract covers less than one-half the entire Nisbet property set aside for development. The south extension of First Ave. and the east-west Nisbet Dr., will eventually connect with a south extension of Shelley Ave. The latter is the north-south street connecting 13th and 14th streets, mid-way between Second and Third Aves.

The Nisbet home will be retained on the south side of 13th St., with Second Ave. coming to a dead-end at this point. The street plan for the new residential development will form a "U" about the beautiful old home property.

45 Lots Approved

Following Upland planning commission's recommendation, the city council Thursday night approved the 45 lot subdivision submitted by Vern R. Huck for property between 15th and 16th streets and fronting on First and Second avenues. This is the first major subdivision approved for Upland this year and indications are that the developers will install street and other improvements in the area immediately.

Final approval was also granted by the council for a revised subdivision map showing an alternate alley plan for the Hallett Development Corporation's four-lot tract on the east side of Euclid Ave., midway between 17th and 18th streets. Deed for a drainage easement was also accepted by the city from the developer.

SEVEN CENT TAX RATE REDUCTION

Reduction of seven cents in the Upland city tax rate from last year's figure is scheduled at tonight's adjourned meeting of Upland city council.

An increase in the city's assessed valuation is the principal reason for the lower tax charge, according to City Manager Elwin C. Alder, who will recommend at tonight's meeting the rate of $1.58 for each $100 of assessed valuation. The rate last year was $1.65. The new valuation figure is $19,683,000, a big gain over last year.

Bonds were voted in 1957 to provide funds for an expanded sewer system and it takes 33 cents in taxes to pay for the principal, and interest on these bonds. With this figure deducted from the tax rate it means an operating total of $1.25. Prior to the sewer bonds, the city tax rate was $1.28. Thus the new rate is the lowest in many years for the general city operation.

Mr. and Mrs. Harley Lovitt and children of Cucamonga are spending two weeks of vacation-time in Northern California. Coach Lovitt e two months with the summer program at the Upland pools. He will coach the varsity football squad at Upland High school this fall.

Stacia Spears Engaged, To Marry In December

Mr. and Mrs. A. B. Spears, 563 N. First Ave., announce the engagement of their daughter Miss Stacia Anne Spears to Daniel H. Russell.

Mr. Russell, the son of Mr. and Mrs. James E. Russell of Northbrook, Ill., is in the U.S. Air Force and is stationed at George Air Force base, Victorville.

Miss Spears was graduated from Chaffey High school in 1956 and attended Chaffey college. Mr. Russell was educated in Illinois. He will be separated from the Air Force in 1½ years when he intends to return to college.

The marriage is being planned for early December.

Joe Agapay, Miss Todd Wed In Hilo Ceremony

The wedding of Joe Agapay Jr., son of Mr. and Mrs. Joe Agapay, 1046 Sycamore Ct., and Miss Myra Eleanora Todd, took place in St. Joseph's church, Hilo, Hawaii, Aug. 9, 11 a.m. with the Rev. Fr. Fitzgerald officiating in a double ring ceremony. The church was decorated with pink anthuriums.

The bride, who is the daughter of Mr. and Mrs. Oliver C. Todd, 9 Aalapuna St., Hilo, was given in marriage by her father.

She wore a floor length sheath dress of white tucked taffeta with an off shoulder neckline and short sleeves. The overskirt was a pouf of embroidered organza. A wreath of pearlized sprays held her fingertip veil of silk illusion and she carried a bouquet of white phalaenopsis orchids.

Mrs. Stanley Costales, cousin of the bride, was her matron of honor. Her frock was of white embroidered organza over pink taffeta, styled with a scalloped Sabrina neckline and short sleeves. The fully gathered skirt had a scalloped hemline. Her large white hat was of hair braid with a second pleated brim trimmed in back with a repetition of tiny taffeta bows. She carried a bouquet of white phalaenopsis orchids.

Marietta Pe Mello, the flower girl, wore a white bouffant frock and carried a basket of pink flower petals.

Robt. Poindexter of Seal Beach, a friend of the bridegroom, was the best man and ushers were Geo. Menino and Edward Nelson, a cousin of the bride.

The bride's mother wore a gown of pearl gray lace over pink taffeta with white accessories.

A luncheon followed in the Hilo hotel where 200 guests greeted the young couple. Decorations were pink and white anthuriums in fern baskets.

For the honeymoon, spent at Kona, the bride changed to a blue-green cotton sheath frock. After Sept. 1, Mr. and Mrs. Agapay will make their home at 701 W. 35th Pl., Los Angeles 7.

Mr. Agapay is a law student at USC. He attended Chaffey High school and at USC is a member of SAE fraternity and is listed in Who's Who in American colleges and universities. He is president of the 1958 club at USC. At Chaffey he was an outstanding football player. A back injury prevented him from following the sport at USC.

Mrs. Agapay is a graduate of Hilo High school and of the Universities of Hawaii and USC. She is an elementary school teacher by profession.

Library Club Of America Honors Three Upland Girls

Three Upland girls were honored Tuesday in Upland Public library when Dr. Hazel Pulling, Upland librarian, presented Kit Cameron and Sarah Louise Leatherman with life memberships and Sharon Lee Smith with an honor pin in the Library Club of America. Kit and Sarah Louise also received pins.

Mrs. Althea Correll, children's librarian, presided at the meeting of a dozen youthful library members, who during the meeting decided to form a club to meet once a month, for discussion of books and authors.

Also present was Gerald MacAulay, a student at Upland Junior High school, who last year received the first Upland life membership in the national organization.

Mrs. Correll explained that to become a member it is necessary to read four recommended books and to become a life member it is necessary to read and report on 18 books, all classics, in the program.

After discussion of future plans the three life members, Kit, George and Sharah Louise, were named a stearing committee to head the new organization, with the assistance of Mrs. Correll. The first meeting will be held in September.

Mrs. Correll reported that the reading program is enjoyed by many more than attended the meeting. They were absent, she said, because many are on vacations.

Dr. Pulling paid tribute to the girls who became life members and to Mrs. Wayne Cameron and Mrs. John Leatherman, who were present with their daughters.

Those present, not previously mentioned, were Diane Spadaro, Nancy Heavenston, Helen Navarette, Arturo Perez, Lee Thomson, Janis Parker, Lynn Hanlon and Sue Tarter.

Avery Allen At Workshop

Avery Allen of Bakersfield, formerly of Upland, now the administrative assistant of Kern County Union High school and junior college district, is attending a special Press-Education workshop at UCLA.

Leading newspaper people and educators are participating. A selected group of key school officials from California, Washington, Oregon, Nevada and Arizona are present.

Subject of the workshop is the relationship of the press and schools.

Paul Trautwein Weds In Tucson

Miss Noreen Anne Matteson has returned to Tucson, Ariz., after visiting at the home of Mr. and Mrs. Herman Trautwein, 664 N. Third Ave. Miss Matteson and the Trautwein's son, Paul Trautwein, will be married Saturday, 8 p.m., in Tucson. She is the daughter of Mr. and Mrs. Earle E. Matteson of Tucson.

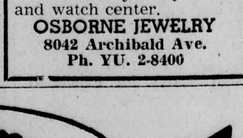

Miss Matteson has attended Upland college here. Mr. Trautwein, a teacher of mathematics and science and athletic coach at Upland academy, was graduated from Upland college in 1956. He was president of the student body.

600 Attend Reception After Ammannito Rites

Miss Norma Jeanne Ammannito, daughter of Mr. and Mrs. J. C. Ammannito, 546 Fifth Ave., and James Eugene Phegley, were married, Saturday, 3 p.m., in double ring rites in St. Joseph's Catholic church, with the Rev. Father Michael Browne officiating. Mr. Phegley is the son of Mr. and Mrs. James R. Phegley, 601 Vista, Ontario.

The church was beautifully decorated with flowers, palms and white gladioli and chrysanthemums.

The bride, given in marriage by her father, wore a floor length gown of Chantilly lace and tulle.

The long sleeved lace bodice was buttoned down the back and styled with a Sabrina neckline and continued into a panel down the front of the skirt from which tiers of nylon tulle cascaded into a chapel train. Her Imperial crown of pearls held her silk illusion, fingertip veil, wich was edged with lace. She carried a cascade bouquet of white gardenias and stephanotis centered with an orchid.

Miss Flora Ammannito was her sister's maid of honor and the bridesmaids were Mrs. Eugene Anguiano, Mrs. Chuck Smith and Miss Kay Helber, all of Ontario. Miss Ammannito wore a frock of pink net with a white lace overskirt and a pink satin cummerbund. Her headpiece and gloves were pink and she carried a cascade of blue carnations. The bridesmaids wore similar dresses combining powder blue and white. Their bouquets were of pink carnations.

Debby Beck, the flower girl, wore a pink lace dress and carried a bouquet of pink carnations and pink rosebuds. Mark Farrar was the ring bearer.

Jack Gorman was the best man and the ushers were Louis Ammannito, brother of the bride; Bill Brown, Pomona, and Dick Swafford of Ontario.

The mother of the bride wore a pink beige lace dress with matching hat, long pink gloves and a pink carnation corsage. Mrs. Phegley, mother of the bridegroom, wore a powder blue lace dress with a white hat and a white carnation corsage.

Mrs. C. M. Harris, the organist, also accompanied Mrs. Georgia Worden who sang, "On This Day, Oh Beautiful Mother," and "Ave Maria."

A luncheon and reception attended by 600 guests followed in the Upland American Legion hall, which was decorated with flowers and palms.

A five tier cake, decorated with a bride and groom, was served. Assisting as hostesses were Mmes. Joe Rogone, Robt. Young, Carmina Maturo, Mary Myers and Miss Donna Grant. Jack Ortman presided at the cocktail bar.

For the honeymoon, which was spent at Catalina Is., the bride changed to a white chemise frock with pink accessories. On their return they will make their home in Upland.

The bridegroom who was born in Upland, was graduated from Chaffey High school in 1951, spent four years in the U.S. Navy and served in the South Pacific. He is currently employed by the National Cash Register Co., Pomona.

The bride was graduated from Chaffey High school in 1956. She is employed at the Ontario Beauty school.

Mrs. Carmino Matura came from Brachenridge, Pa. for the ceremony.

Mrs. Rosina Tyler, who formerly sewed for the Queen of England, advised and assisted with the gowns of the bride and her attendants.

Perri Reception In Garden Of Newlyweds

The beautiful garden of their future home was the setting for the patio reception of Mr. and Mrs. Frank Perri, who were married, Sunday afternoon in First Methodist church, with the Rev. Bob Richards of La Verne officiating in the double ring ceremony.

The bride, nee Miss Audrey Ann Hartman, who has been living in this area completing her studies at University of Redlands, is the daughter of Mr. and Mrs. Zafon A. Hartman, formerly of Calipatria, now of Weaverville. Mr. Perri is the son of Mr. and Mrs. Nick Perri, 111 Nocta, Ontario.

Given in marriage by her father, the bride wore a Charmente model gown of bombazine silk inset with a deep, irregular band of hand clipped Chantilly lace on the full skirt, which was worn over a crinoline and swept to a brief train. The softly modled, long bodice had a yoke and short sleeves of lace, decorated with seed pearls. Her veil was of tulle and lace.

Miss Zandra Leehart, sister of the bride was the maid of honor; Mrs. Mark Rogers was the matron of honor and the bridesmaids were Miss Jackie Banning, Miss Corrine Rohbough, and Miss Joy Ware.

Their waltz length frocks of silk organza were of varying shades of blue from deep to lavender with two contrasting velvet ribbons at the waist falling to streamers at the back.

Pamella Perri was the flower girl and the ring bearer was Vincent Lee.

Dieter Hessel was best man and ushers were Ben Perri, Robt. Perri, Dewitt Johnson and Geo. Armstrong. Serving as candlelighters were Barbara Reed and Lois Larusson.

Mrs. Hartman, mother of the bride, wore a frock of white chiffon with a molded bodice and softly pleated skirt. Her accessories were blue. Mrs. Perri wore a frock combining blue silk with white embroidered flowers and blue organza. Her accessories were white.

Luther Burgman of Lindsay was vocal soloist.

The garden reception followed immediately. A beautifully decorated four-tier wedding cake was flanked by a white net tree and a floral centerpiece decorated the ic ta table. The bride's sorority sisters of Alpha Xi Omicron, Redlands university, assisted as hostesses and also serenaded the bride, following the toasts.

The honeymoon will be spent in Northern California and visiting with the bride's parents in Weaverville.

Mrs. Perri has been appointed to the teaching staff of Corona High school. Mr. Perri, also a graduate of Redlands university, is a teacher at Chaffey High school. He was in the U.S. Navy and served overseas during the Korean War.

Soroptimists Donate $50

Members of the Soroptimist club, meeting at luncheon, Tuesday in the Orange Hotel, Ontario, voted $50 to the Colt league for support of the National championship, which is to be held in Ontario later this month. Mrs. June Finch, president, presided.

The San Bernardino County Chapter of the Epilepsy society was voted $5. It was also reported that the club has donated a blanket to a burned out family.

Alta Lomans' Beach Party

Young adults group of Alta Loma Community church had a beach party and corn roast at Huntington beach, Saturday, when Mr. and Mrs. Roger Henshaw accompanied the party. About seven couples attended.

Geo. Schipper's Bride Miss Phyllis A. Womack

Mr. and Mrs. Geo. Schipper, who were married in Ontario First Baptist church, July 26, in double ring rites with the Rev. Merle Brubaker officiating, are now establishing their home in Riverside.

Mrs. Schipper, the former Miss Phyllis Ann Womack, is the daughter of Mr. and Mrs. Joe Womack of Yerington, Nev.

Mr. Schipper, the son of Mr. and Mrs. Wm. Schipper of Redonda Beach, has lived in the Upland area for six years. He was graduated from Upland academy and Upland college. He will teach in the Jefferson Elementary school, Riverside, this fall.

Bouquets of white gladioli and stock decorated the church for the ceremony when 150 guests attended.

The bride, given in marriage by her father, wore a floor length gown of white satin with a chapel train. The short sleeves were decorated with pearl bows and the V neck was trimmed with lace and seed pearls. Her fingertip lace veil was also decorated with seed pearls and sequins. She carried a bouquet of stephanotis and gardenias centered with a white orchid, used later as a corsage.

Miss Joyce Womack, her sister, of Yerington, was the maid of honor and the bridesmaid was Miss Ann Marie Behan of Weed Heights, Nev. Miss Womack in aqqua and Miss Behan in pink, wore princess frocks of crystaline, with white hats and gloves and they carried cascade bouquets of carnations to match their frocks.

Darrel Parks of Shafter was best man and ushers were Lee Day, Jerry Schipper, Bill Schipper and Roy Thomas.

Mrs. Womack wore a gown of white nylon and a deep purple orchid corsage and Mrs. Schipper wore a grey and white check chemise frock with a deep purple orchid.

Ronald Greeson was the organist and Mrs. Willard Stump sang, "The Lord Is My Shepherd," and "At Dawning."

A reception in the church social hall followed the ceremony. Decorations consisted of ivy on a trellis and table decorations of ferns and pink rosebuds from which the three tier cake was served.

Assisting as hostesses were Mrs. Earl Seward, Miss Lois Beth, Mrs. Harvey Stump, Miss Grace Paugstat, Miss Virginia Schipper and Miss Karen Thomas.

The bride attended Chino High school and was graduated from Yerington High school. She also attended Upland college for one year.

Andersons Back From Trip

Seven weeks of vacationing in Europe by Mr. and Mrs. Harold Anderson, 6535 Hellman Ave., Alta Loma, has been a wonderful experience, according to Mrs. Anderson, who with her husband and Mr. and Mrs. Merle Kistler of Pomona, returned this week.

The four went first to Frankfort, Germany, where they visited Mrs. Kistler's brother-in-law and sister, M/Sgt and Mrs. Manuel Luzunaris. Mr. Luzunaris is attached to the big American military hospital in the German city. He was able to obtain leave and in his large American car the three couples visited 14 European countries.

Mrs. Anderson, an Upland Elementary school teacher, said the highlight of the trip was an audience with the Pope in St. Peter's church, which was attended by 40,000 people, all standing.

They flew into West Berlin and also visited East Berlin where the contrast between the two worlds was very evident. She said they were not nervous going into the red zone, but with the Near East crisis people seemed to be on edge. They visited Hitler's mountain villa and found the Bavarian Alps more beautiful than Switzerland, which they also visited.

Four days were spent at the Brussel's World Fair and in that time, although they started in the morning and stayed until late at night, they did not see it all. The American pavilion was most interesting though plain, as has been critically reported, Mrs. Anderson said. She said they found it very much worth while. In comparison, the Russian's exhibit seemed to have a lot on the cultural side which was not Russian, including pottery and china from the Meissen works in Dresden and a motorcycle made entirely by the East Germans.

The party visited Monaco and saw the changing of the guard, which they also viewed at Buckingham Palace in London.

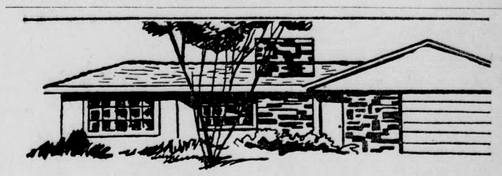

They visited France twice and saw many areas there, considering it the poorest country in Europe. They were told that in one small town 55 per cent of the population were registered Communists. They thought the people in North Italy much like Americans.

Biggest problems were money and language, according to Mrs. Anderson, for no sooner had they become used to one currency than it was necessary to learn another. The people were not unfriendly and the big American car drew crowds wherever they stopped

"We saw so much that I've forgotten some of it," she said. "I'm glad we took pictures to refresh our memories."

GRIFFITHS MARK 40 YEARS WED

Mr. and Mrs. L. E. Griffith, 767 N. Third Ave., will observe their 40th wedding anniversary Sunday afternoon with an open house. They were married in Washington, Iowa. They came to California in 1923 and have been in their present home since 1928.

Yankees Minor League Stars

Upland Minor league championship is today held by the Yankees, coached by Geo. Schilens, who took the 1958 crown Friday with a 7-5 score over the Senators, now the number two team. Steve Zavitz is the Senators coach.

The season finale was filled with excitement when, with the Senators leading 4-1 in the fourth inning, the Yankees loaded the bases and an infield double by John Fox put his team in the running. In the final inning, with the Senators loading the bases after two outs, Joe Martinez' blast to centerfield was caught to retire the side.

Fox was the winning pitcher and Ronnie Mercer the winning catcher. The Yankees have a 15 win, three loss season.

In third place are the Red Sox, who claimed a 5-3 victory over the Pirates in the consolation preliminary game Friday evening at Warders field. Don Jensen and Mike Nelson made up the winning battery.

MINOR LEAGUE CHAMPIONS are the YANKEES, who Friday evening claimed the crown with a 7-5 win over the Senators. Team members pictured minutes before the championship game included, from left: Front row, John Fox, Bobby Dier, Jack Williams, Steve Malacara and Davey Molinar; Back row, Coach Geo. Schilens, Tom Maze, Frank Medina, Poldo Barira, Danny Guzman, Dicky Clipperton and Roger Baker.

United Fund Drive Seeks To Include All Health, Welfare, Recreational, Character Building Agency Fund Drives In One Financial Appeal

An effort will be made to include in the local United Fund drive, all the health, welfare recreational and character-building agencies that usually conduct financial drives in Upland, Cucamonga and Alta Loma, President Joe Hecht said yesterday.

An "admission committee" will receive requests from all agencies for inclusion in the community-wide one-drive program. At present the Upland chapter of the American Red Cross and Upland Community chest are on record as being in favor of the United Fund campaign. If other agencies are to be included, their request and statement of needs must be filed with the admission committee, Mr. Hecht explained.

Plans are being made for the first campaign under the United Fund program for early this fall. Norman S. Lawson has been chosen vice-president, representing Upland on the board of directors. Roland Goetsch, Alta Loma; Asger Ravn, Cucamonga, and John Frost, Etiwanda, are other vice presidents for their respective communities.

Ralph Arnold, Cucamonga, is treasurer of the group and Allan S. Barr is chairman of the nominating committee. David L. Armstrong is head of the budget committee.

Formal organization of the United Fund occurred Thursday afternoon in the Upland High school library. Directors signed articles of incorporation and first official meeting of the directors was held.

An office to direct the many details in connection with the drive has been established in the Emmons building in Ontario. Sum of $10,000 is to be borrowed from the Red Cross chapters, Community Chest and other agencies for use until new funds are obtained.

Gala Water Show Aug. 29 Will End Season As Instructors, Aides Exhibit Fancy Skills

On the final day of the instructional swim program offered in the Upland High school pools by Chaffey Union High school district, Aug. 29, a gala water show will be presented by the aides and instructors of the program.

Director Gus Rischer announces that two performances of the show will be presented at 9:15 a.m. and 10:45 a.m., when aides who have learned fancy diving during the summer will exhibit their skill. Instructors will show the many swim strokes they teach the children. Highlights of the show will be high and fancy diving and water ballet.

Exhibit Pool Skills

The public is invited to attend one of the performances of the show, with seating facilities available at the pools in the overhead bleacher section. "We hope to have a large attendance", Coach Rischer said, who have been teaching the children to swim."

Director Rischer also reports 538 enrollees have completed a two-week swimming instruction course at the pools: the largest single class enrolled since the inception of the summer program in June. Of this total of 538, 307 completed the beginners' course, 110 mastered the intermediate course, 35 received swimmer badges and 55 completed the adult swimming program. Seven Red Cross Jr. Life Saving certificates and 14 Red Cross Senior Life Saving certificates have been awarded.

Competitive Team

Another feature of the summer swim program, operated in conjunction with Upland's summer recreation program sponsored by the city, is the Upland Plunge swimming team's competition with teams from other swim clubs and plunges of the area. Brian Kelly and Mike Ollila organized the Upland Plunge team which receives regular work-outs and has been successful in competition. Youngsters between seven and 16 are eligible to join the team. Interested swimmers may contact either coach or one of the lifeguards for further information.

LOVITT SETS GRID PRACTICE FOR SEPT. 8

Monday, Sept. 8, is the date for prospective gridders of Upland High school to report to the Highlander gymnasium and gridiron for fall practice, Coach Harley Lovvitt announces. The first day's practice will start at 6:30 p.m.

Seventy-five aspirants for the Highlanders varsity squad, including 13 lettermen, are expected by Coach Lovitt on Sept. 8, two days before the opening of school on Sept. 10. In the role of head coach for his first season, Coach Lovitt will be assisted by Coach "Pat Bandy, who is moving his family to Alta Loma from Fontana. The Bandys have two daughters.

Gym Seats At Upland High Soon

New seats are scheduled to be installed in the Upland high school gymnasium by Sept. 10.

This announcement and other "progress reports" about the Upland campus have come from the office of Superintendent Allan G. Smith.

Plans have been approved for the installation of lighting poles and fixtures at the parking lot on the campus. Conduits for the lighting were placed at the time of the parking lot paving.

Preliminary work is under way on the plans for construction of field belachers for the football field. Test borings are being made prior to establishing the specifications. Plans call for 1,500 seats on each side of the field.

Plans for construction of a team-locker building have been filed in Sacramento for a month. When approved by state officials, the plans will be issued to bidders.

Turkey Shoots Aug. 23-24

Annual two-day turkey shoot sponsored by the area Elks lodge in Ontario is scheduled for Saturday and Sunday, Aug. 23-24, at the Legion shooting range on E. 16th St. in Upland. Dr. Wallace Sanders of Chino will again chairman the event, with other games and entertainment to be provided by his committee.

Dan Nicholson Receives Red Cross Scholarship

With the closing of the Upland Red Cross chapter's summer swim program for handicapped children, it was announced that Dan Nicholson, son of Councilman and Mrs. John Nicholson, 289 W. Ninth St., has been granted a swimming scholarship at Lake Tulequoi, in Northern California, where he will receive instruction in the training of handicapped children.

The scholarship was made because young Nicholson, a Chaffey college sophomore, donated his lunch hours to assisting at this summer's six week program, when 14 handicapped children were given instruction, according to Mrs. Eleanor Taylor, executive secretary of the Upland Red Cross chapter. She said Dan is at the Red Cross Aquatic school this week.

This year's program, held for the first time in the Upland High school pool, was sponsored by Upland Red Cross and Upland Lions club.

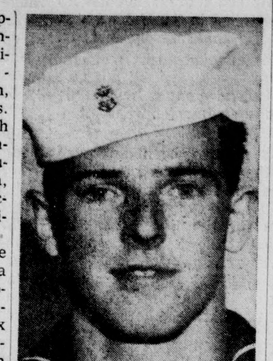

Mrs. Wm. J. Way, 717 Green field Ct., directed the project. To fit herself for the work she took special Red Cross training and has worked at rehabilitation centers in Santa Monica and Oakland.

Mrs. Way expressed warm priase of young Nicholson and her other assistants, who were Mrs. Al Moore and Mrs. Virginia Mahler, both registered nurses.

Of the 14 children taking the course, six were blind and the others were victims of polio, muscular dystrophy or kindred afflictions. Sessions were held in the pool daily, Monday through Friday, with the latter day set aside for a recreational swim with members of the families of the children taking part.

Mrs. Way reported that one six-year-old who had never walked, at first feared the water. After several weeks of instruction he was able to walk in the water.

Mrs. Way reports that while the course has ended, work is continuing for the remainder of the summer with five children who received special benefits from the program.

Woman's Ctub Announces Coming Year's Program

Mrs. Ralph Almquist, program chairman of Upland Woman's club, has announced the schedule of events for the coming year. Serving on the committee are Mrs. Floyd Chambers and Mrs. S. R. Smith. The club, which meets on the second and fourth Tuesdays, alternates its sessions with luncheons and teas.

The first meeting, a luncheon on Oct. 14, will have Ramona Gerhard, organist and pianist of the CBS "Matinee," in a diversified program of "Music for Pleasure." The tea Oct. 28 will have a film program presented by Carl Reitz of the Odd Fellows lodge, who will show the activities of a student on the "United Nations Pilgrimage," of which Mr. Reitz had charge.

dramatized folksongs, acunder the direction of Mrs. B. C. Stevens and Mrs. Ernest H. Henderson, will present a drama at the Nov. 11 luncheon. Virginia Scott, a charming song raconteuse will present stage.

companying herself on the auto-harp, at the Nov. 25 tea. She has appeared in many TV productions and on the New York stage.

At the Christmas luncheon on Dec. 9, Mrs. R. H. Schulze will give a monologue and Mrs. J. B. Swingle will present Christmas string msuic by an ensemble.

Something new in violin entertainment will b heard when Rima Rudina is presented at the Jan. 13 luncheon. She combines violin music with an infectious brand of humor. Dr. Harold F. Humbert will speak at the Jan. 27 tea. He is an authority on makers of history in action having seen and heard every president from Theodore Rooseveit to Dwight Eisenhower. He lives in Claremont and has his Ph.D. from Boston universitv and has attended the University of Edinburgh.

At the Feb. 10 meeting a representative of Barker Bros. will speak on interior decoration and will display fabrics, pottery and China. Helen Armitage, a creator of Miniature Musical furniture will be presented at the Feb. 24 tea. She is known nationally for her unique hobby.

Modern Minstrels, Eugene Dorian, baritone; Wm. Parsons, tenor; the Banjo Kings and Robt. Flack pianist, will be the star attraction of Men's Guest Night, March 10. They will be heard in sophisticated popular music of a few years ago.

The tea, March 24, will be open to the public to hear Bob Mitchell's Choir Boys, who will be appropriately presented during Holy week. They are often heard in the movies.

Tommy Morgan, harmonica artist, will be the soloist at the luncheon on April 14. Mr. Morgan has given four command performances in England and is outstanding as a good will ambassador from the U.S. to other countries.

Mrs. Julia Snyder will present a fashion show at the April 28 tea when the program will be of interest to people of all ages.

Again the drama section will be presented in a play at the May 12 luncheon.

Program for the final meeting, a tea, on May 26, will be "Heart Housecleaning," by speaker Charlotte Cartwright who presents what she describes as a "think" program.

About People

Miss Alta Bell, a specialist in the Laubach literacy method, and Upland college instructor, was a speaker on TV in Memphis, Tenn. last week, at a conference in the Hotel Peabody on World Literacy. Dr Frank Laubach, who had sponsored the meeting with the Memphis chamber of commerce was a keynote speaker. Dr. Laubach has spoken in Upland on at least two occasions.

Mrs. B. Eugene Taylor, 1370 Foothill Blvd., has returned from a motor vacation when she was accompanied by Mrs. Francis Palmer of Ontario. Leaving his area they traveled north, taking in the mining country, Yosemite, the Sequoias and Willets, where they rode the "Skunk" diesel over the mountain to Fort Bragg. Their route through Oregon was the coast highway to Seattle, Wash., and Anacortes where they took the ferry to spend a day in Victoria, B.C., before returning home via Hwy. 99. They detoured to Yerington, Nev., to visit Mrs. Taylor's brother-in-law and sister, Mr. and Mrs. Gurney Maple, before returning home.

Mr. and Mrs. Avery S. Allen, son Stephen and daughter, Ann of Bakersfield and Dr. Emery S. Bogardus of Los Angeles, spent Saturday with Mr. Allen's mother, Mrs. Flora Allen, 460 N. Third Ave., and enjoyed a picnic dinner in Upland Memorial park.

City Manager Elwin Alder has been authorized by city council action to attend the International City Manager's conference in Dallas, Tex., Oct. 19-24.

Nicholsons End Six-Month Visit

Mr. and Ms. N. M. Nicholson, who have visited here for six months with their daughter, Mrs. S. A. Desilets and family, 731 Greenfield Ct., departed recently for a motor trip to Milwaukee, Wis., where they will spend some time with a son, Gary Nicholson and family.

The Nicholsons are traveling via Seattle and Duluth, taking the northern most route for their cross-country trip. Formerly of Ft. Worth, the Nicholsons at present have no permanent address and are enjoying time spent with their grandchildren. A son, Pat Nicholson, resides in Ontario with his family.

ABOUT PEOPLE

Mr. and Mrs. Dale Goodban and daughter of Sacramento and Mr. and Mrs. Allan Goodban and family of Walnut Creek are together this week at the home of the men's parents, Mr. and Mrs. James E. Goodban, 572 E. Arrow Hwy. Dale Goodban and family have been here for several weeks and he has been in special study at Pomona college. He is a member of the American junior college faculty at Sacramento.

Allan Goodban is with the Western Research Laboratories and he and his family arrived early this week.

Mr. and Mrs. Norman S. Lawson, Wilson Ave., have had as their house guests, Mrs. Janet Walker and Miss Kathleen Walker of Troon, Scotland. The Walkers have been visiting relatives in America, having left Scotland in December. While in Upland their hosts entertained for them with a barbecue dinner and took them to Laguna to see the annual Festival of Arts, and to Pasadena and other Southland places of interest.

Mrs. E. Tweed Stone, a state officer, attended the California Federation of BPWC in Anaheim, recently, when the two-day work session comprised an appraisal of the federation's programs and administrative procedures, in relation to membership.

Mr. and Mrs. Robt. Beloud and daughter, Virginia Lee, are now located in their new Red Hill home, 7789 Sierra Vista Dr., Cucamonga. They moved here from their Armsley Sq. home in Ontario. Mr. Beloud is a prominent attorney with offices in Ontario.

Mr. and Mrs. C. O. Beeman and family moved this week into their new residence, 131 Gardenia Ct., this being a new thoroughfare west of Euclid Ave. between 15th and 16th Sts. They formerly resided in Ontario. Their son, James, and Mr. Beeman's mother, Mrs. Pearl Beeman, make up the family group. Mr. Beeman is the State Farmers Insurance Co. representative in this area.

J. W. Yopp is now residing in Upland at 213 S. First Ave. The retired watchmaker and jeweler formerly resided on 19th St., Alta Loma. Mrs. Yopp died six months ago and Mr. Yopp has moved to his present location.

Mr. and Mrs. C. L. Cox and daughter, 382 E. Arrow Hwy., have as their houseguests, Airman 2/C and Mrs. Harold Fink and son, Kent Douglas, of Coppers Cove, Texas. Mrs. Fink is another daughter of the Coxes, and with her husband and son arrived here Thursday for a two-week visit. In October, Airman Fink expects transfer from his Texas station to Griffith AFB near Syracuse, N.Y. Departing from Upland on Tuesday after a week's visit in the Cox home were Mr. and Mrs Robt. Bullock and sons, Randy and Ricky, of Oklahoma City. The Bullocks are considering making Upland their home.

Mr. and Mrs. Bill Wolfe and children, Kenny and Pamela, are spending a two-week vacation in Northern California and at the beach home of Mrs. Wolfe's parents. Mr. Wolfe completed the highly successful summer recreation program here last week.

John McClure is now operating the barber shop at 495 E. Foothill Blvd., Upland, succeeding Ray Lawyer. Mr. Lawyer, long-time area resident, recently sold to Mr. McClure. He and Mrs. Lawyer plan an extended vacation.

Mr. and Mrs. C. E. Hogancamp, 9475 La Vine, are spending a month's vacation visiting points of interest and good "fishin' holes" in northern California. The couple returned early last week after nine days at Kings canyon, Cedar Grove and Sequoia National parks, and departed again on Saturday for two weeks of "browsing" in the same general direction.

VIC MANDALA, left, of Cucamonga, is pictured with his prize winning accordion playing sons and daughter, Tony, 15; George 13 and Tina, 8, and is justly proud of the fact that he has been their only teacher. Sunday George won the grand championship in the Western States Accordion Festival in the two day Long Beach event in which 4,119 accordionists took part. With Tony he placed first as a duo and Tina was a first place winner in her class. The fourth Mandala child, Johnny, 6, is also an accordionist but was too young to enter the 11 state festival. Honors For Mrs. Norton, 80

Mrs. R. C. Norton, 581 N. Euclid Ave., who had her 80th birthday anniversary Tuesday, will celebrate with her family Sunday, when she will be the guest of her son-in-law and daughter, Mr. and Mrs. Martin Mangold of Corona Del Mar.

Also participating in the celebration will be her two other daughters with their husbands, Mrs. E. J. Zander and Mrs. Irving Brown and Mrs. Norton's grandchildren and great-grandchildren.

The Browns, who have been vacationing at Yosemite are returning in time for the celebration.

Mrs. Norton, who remains active in Upland social circles, was widowed in 1935. The late Mr. Norton was manager of the Commercial National bank before it was absorbed by the Bank of Italy, now Bank of America. He remained manager under the new ownership. He took an active part in community life, being a member in the Lions club, the chamber of commerce and other civic organizations. On his retirement from the bank he became Upland's city clerk.

The Nortons came to Upland in 1902 and their three daughters were born here.

MRS. ROBINSON HONORED AT 90

Mrs. Margaret Robinson, 1177 E. Ninth St. was honored recently at a family party in the social hall of Etiwanda Congregational church, in a belated celebration of her 90th birthday.

Mrs. Robinson came to this area from Mason, Mich., five years ago, to spend the winter in an effort to obtain relief from arthritis. She was accompanied by her daughter, Mrs. Kenneth Palmer and they stayed with a second daughter and her family, Mrs. J. D. Nadon of Etiwanda.

The first winter didher so much good that she decided to stay. The Palmers soon moved to Upland Mrs. Robinson makes her home with them. Today, Mrs. Palmer reports, her mother has no arthritis.

Unable to sew or follow hobbies of her younger days, because of poor eyesight, the non-genarian is active and lively. She takes an interest in the flower garden and is fan, particularly boxing. She follows the fights and the careers of her favorite boxers.

Mrs. Robinson has 38 great-grandchildren and as many as could come attended her dinner party. Decorations in lavender and white were used on the table and for the cake which was inscribed "90" in gold lettering.

Among grandchildren present were Bradley Nadon of Etiwanda, Gary Waldron and family of Cucamonga; Mrs. Robt. Bancroft, Oscar and Clarence Haaland of Fontana and Phyllys Lorenzo of San Gabriel.

Other guests included Ross Hilliard of Oakland and Mrs. C. D. Garrad, daughter and nephew of Perry, Mich.

Mrs. Richard R. Riley, 1321 N. First Ave., returned early this week from Sallisaw, Okla., near Ft. Smith, Ark., where she was called by the sudden death of her mother, Mrs. Martha Baldridge, 64, who died in Houston, Texas, while visiting there with a son. Mrs. Riley accompanied her brother, G. W. Baldridge, and two sisters, Mrs. Lucy Balukian and Mrs. Martha Jean Ryan, all of the Bay area, to Oklahoma for the furneral held Sa-turday.

Until the age of 12 a growing child's foot changes in size every 60 to 90 days.

Art Andrade Given Party

Mr. and Mrs. Antonio L. Andrade, 1398 Bowen St., entertained at a party Saturday night, honoring their son, Art, on the occasion of his 16th birthday anniversary.

Thirty-five young people gathered for the evening in the Andrade patio. Green and white decorations were in place and cake and punch were served. The young people, juniors and seniors of Upland high school, danced to records.

GOP Women Raise $400

Chaffey Community Federated Republican Woman's club added $400 to its treasury at the annual barbecue chicken dinner held in the garden at the home of Mr. and Mrs. Thomas Parker, 213 W. Sixth St., Ontario, last week. There were 200 present and the affair honored State Senator and Mrs. Raymond Gregory, Mr. and Mrs. Robt. Castle, and Mr. and Mrs. Daniel Mikesell. All three men are Republican candidates in the November election.

Funds raised will be added to the campaign fund.

Special guests included Jack Brewer, president of Chaffey District Young Republicans and Mrs. Brewer, and Mike Caughn, campaign manager for Mr. Castle who is a candidate for congress.

Results Of Laubach Literacy Method Told As Upland College Enrolls For Fall Course

One year ago Upland College joined hands with Dr. Frank Laubach, the world famous missionary, author and literacy instructor, in a bold attempt to assist the billion people in the world who cannot read. Realizing that spiritual, social and political advance is usually associated with the ability of people to read, the college has instituted a program of instruction for the training of missionaries, government social workers in the methods of a rapid system of reading. This Christian liberal arts college is one of two schools on the west coast ever offering this unique course.

Miss Bell Instrucotr

The course of instruction is taught by Miss Alta Bell, who was trained in the Laubach method at the central training school at Koinonia, Baltimore, Maryland. The college has trained 31 students in this last year who have since gone throughout the United States and are presently teaching hundreds how to read.

At present two local locations are used for practice workshops by the students. One location at Southern California Farmers Assn. Mexican workers' camp has brought forth the following letter of appreciation:

"Dear Friend: I see our study unites us. Our teacher is like a candle. It lights others and consumes itself. Let us love her. A man without knowledge is like a garden without flowers. We should study hard."

Your old friend,
Jacinto Robles Cruz.

Teach At Prison

During the summer, several Upland college students have been teaching illiterate inmates at California Institution for Men, Chino. From there comes the report of an inmate who said, "Now I can sleep nights. I have written home to my wife and said I am sorry." A part of the instruction includes techniques of writing.

Dr. Frank Laubach was missionary to the Philippines in his earlier years. In his efforts to reach the people with the message of the Scriptures, he found that it was necessary, for them to be able to read first. He developed a simple method of word-picture charts which have since become the basis of the Laubach Method of instruction in any language. Encouraging each one to teach another has brought forth the now famous slogan, "Each one teach one." Laubach, known as "The voice of the silent billion" feels strongly that literacy instruction is a major way of winning friends for the United States and democracy.

The course will be offered again at Upland college beginning Sept. 10 and will be open to part-time students as well as those regularly enrolled. Interested persons may contact the college for further information.

Traffic Gates For Crossing Now On Order

Orders for automatic gates for use on Second Ave. at the Santa Fe right-of-way, are today on order.

At a cost of $26,000, the city authorized the Santa Fe railway to produce the gates, which will automatically fall across Second to guard motorists when trains are approaching. Gates will be placed on the north and on the south side of the right-of-way across Second.

The city will be advised of the delivery date and construction of the crossing on the tracks will be timed so the thoroughfare will be ready when the gates arrive.

Elwin C. Alder, city manager, said the Santa Fe will install and maintain the gates but that it is the city's obligation to purchase them as part of the program in linking North and South Second Ave. An eight-month delivery for the gates was reported last year but the production schedule may now be such that delivery will be sooner than that.

Weinkauf, Adams Honored Speakers At Toastmasters

"What's Wrong with Detroit" is the provocative title of a talk which won Jim Weinkauf the speaker of the week trophy at the Aug. 6 dinner meeting of Upland-Foothill Toastmasters club in the Stuft Shirt restaurant.

At the same session, the new Award created to honor the most improved speaker was presented to Doug Adams. Inducted as a new member was Peter Rakich of Ontario.

Other speakers were Mr. Adams and Jim Corn. Ray Anderson gave the feature story and Herb Vogler was toastmaster. Table topic master was Bill Thomas, with Mr. Anderson the evening's winner.

Judges for the meeting were Brooks Drayton, Elie Turner, John Salvinger and Tone Malone.

Area Hiway Survey Aids In Planning

A traffic survey of state highways and major county roads serving the Upland, Ontario, Pomona, Claremont and Chino areas is being conducted this week by the San Bernardino office of District Engineer Clyde V. Kane of the Division of Highways. Mr. Kane said the survey is being made in connection with general highway planning and traffic studies in this area.

"In order to estimate the volumes of future traffic that can be expected on State highways," Kane stated, "brief roadside interviews are being conducted." Each driver is asked, "Where did this trip begin?" and "What is your destination?" If the answer to either question indicates the San Bernardino-Riverside metropolitan area, the Los Angeles metropolitan area, or the cities of Chino, Pomona, Ontario, Upland or Montclair, the driver is asked to state the approximate location in the area or city.

Kane emphasized that no names, license numbers, or other identifying information are requested of motorists. "We are not interested in who is travling where," he said, "but only in tallying how many trips are made on an average day between various points."

The interview stationed are manned by Division of Highways employes with the cooperation and assistance of the California Highway patrol and local police agencies. Sampling methods used require stopping or interviewing only every second or third vehicle.

County officials join Kane in urging local motorists to cooperate in the survey, since its purpose is to improve traffic conditions in this area.

Mail Service Survey Starts

What improvements can be made in the postal service?

Postmaster General Arthur E. Summerfield has asked Upland Postmaster Roy A. Ray to make a survey within 90 days and report. Mr. Summerfield said he is issuing instructions to all postmasters to begin immediate surveys to determine if essential window service should be made available earlier or later in the day than now and if there are enough collections of mail daily from street letter boxes.

Bob Feller, former pitcher of the Cleveland Indians holds the record for the number of strike-outs in one season, 348 in 1946.

Final Order Given Santa Fe Crossing

The last "o.k." is on file in the city hall today relative to the Second Ave. link over the Santa Fe right-of-way.

With the receipt of a letter from the state highway department approving the city's request for a street improvement project, all the agencies concerned have said "yes" to the placing of a grade crossing to connect North and South Second Ave.

Detailed engineering plans and specifications have been approved and these will be observed by the railway companies in bringing the track levels to a uniform height. Three sets of rails of the Santa Fe line and one set of rails owned by the Pacific Electric are on the right-of-way. Each firm will perform the work in bringing their rails to the scheduled height but the city will pay for the cost of this work.

At an early date, an order will be placed for the automatic gates that will be established to block traffic from the crossing as trains approach.

Upland city street department crews will do the work in connection with actual placing of the new street across the tracks. City Manager Elwin Alder and City Engineer Harold Wilder have handled the details in connection with getting the final approval.

The project cost estimate is slightly in excess of $50,000, with the funds coming from the city's share of the state gasoline tax fund. As more or less of a routine matter, the state highway officials checked the specifications and approved an allocation of the total cost.

Harold Zenz Resigns From County Post

Of wide interest here is the resignation of Harold Zenz as the county's administrative officer. He had been in the county service 21 years, advancing through various positions to the one of top management. His resignation was submitted to the county supervisors Tuesday to become effective Sept. 1.

On that date he will become vice president and general manager of the Security Title Insurance & Trust Co., San Bernardino.

Mr. Zenz, active in Upland, is the son of Anton Zenz, 192 W. Seventh St.

The county supervisors each expressed regret in losing Mr. Zenz and he is widely recognized as an outstanding leader in county affairs.

Emphasis On Math

Dale Stevens Returns From Science Institute

By GERRY McGEER

Dale Stevens, Upland High school mathmatics teacher, who returned Tuesday from a mathematics and science institute at Michigan State university, Lansing, Mich., believes the public is under a misapprehension regarding stepped-up programs in mathematics and science all around the country.

"The National Science Foundation has been in operation four years," he said, "Long before Sputnik the foundation was working for better trained teachers to better train students."

Mr. Stevens, who received his degree at Michigan State university, returned there last year, at his own expense, to attend the National Science Foundation institute. This year he applied for a fellowship, which was granted. Such fellowships, he said, are available throughout the country.

He taught for four years in Michigan before coming to Upland and here he has students in all four years at the high school. He also previously taught at Chaffey High school.

He explained that the institute had some excellent speakers on methods and different approaches to teaching mathematics.

"We are going to have to give more advanced emphasis on teaching science in high school. It is planned to give the student with an aptitude for math all he or she can take in high school, ultimately working toward finishing high school with one year of college math. We hope to give at least part of the first college year in high school here.

He said that Upland High school has been on a new program this past year and this program will be "fully accelerated and enriched for the student who shows aptitude for math.

"We are off to a good start in Upland," he concluded.

Joining Mr. Stevens for the trip east were Mrs. Stevens and their children, Nancy 10; Randy, 8; Nora, 3, and Elizabeth, 5 mos. While Mr. Stevens was at the institute, Mrs. Stevens and the children visited members of her family and that of Mr. Stevens. The Stevens home is at 594 Winn Dr.

Building To Be Readied For Business

Facilities will soon be completed in the Pomona First Federal Savings & Loan Assn. building on Foothill Blvd. at Fifth Ave. for use by Mrs. James P. Williams.

At an early date she will open the "Finishing Touch" a store for interior decorating and furnishings in the financial building. When the structure was erected here in recent months, provision was made for additional space for eventual use by the association. Edwin Wickstrom, local manager for the Pomona association, said the available space would be leased until the association itself needs additional room.

Mr. and Mrs. Williams have resided at 7650 Buena Vista, Cucamonga, for five years.

Newcomers

Mr. and Mrs. Chas. Engel recently purchased the residence at 1423 N. Second Ave., moving there from a rental in Cucamonga. Mr. Engel is employed by the Naval Ordnance laboratory in Corona and Mrs. Engel has joined the Del Hensley realty organization as a salesman. Their son, Ron, is active at Upland high school and Mrs. Engel is president of the Band Boosters club at the school.

Mr. and Mrs. D. L. Liddle and three children are newcomers in the new residence at 1236 Ukiah Way, moving here from San Bernardino. Mr. Liddle is employed by the California Bank in Ontario. Their children are Paul, Lee and Linda.

Mr. and Mrs. Paul Coronel and family are occupying their new residence at 1579 Columbine. Mr. Coronel is a Chaffey college teacher and they moved here from Ontario. They have four children, two sons and two daughters.

Mr. and Mrs. Raymond Lague are getting settled in their new residence at 1222 Monte Verde, moving here from Pomona. He is a chemical engineer at the Convair plant in Pomona. Their daughter is 10 years of age and they have two sons, ages 5 and 2.

Mr. and Mrs. Emerson Enderly have purchased the residence at 71 W. Seventh St., moving here from Walnut. Mr. Enderly is employed in Walnut but they chose to reside here. They have a 7 month old son, Emerson, Jr. They purchased the residence from Mr. and Mrs. J. J. Sexton.

Dr. Vernon O. Tolle, who was head of the educational department at Redlands university for 16 years, has accepted an appointment in Fall River, Shasta county, where he will be superintendent of the Fall River Joint Unified school district which is comprised of five elementary schools and one high school, with 65 teachers employed. He has many local friends in the community.

COUNTY FAIR DEADLINE NEAR

Deadlines for entry in the San Bernardino County fair, October 1, 2, 3, 4 and 5 at Victorville, are drawing near.

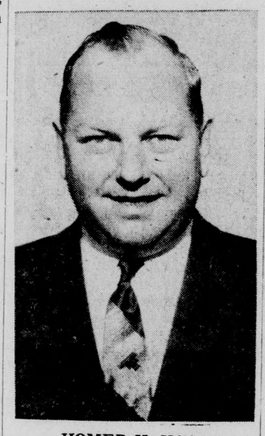

Don Doran, director in charge of publicity and public relations, made this reminder today and urged all exhibitors to send in their entry blanks to Fair Headquarters. Most of the exhibit entries will close on Sept. 3.

Gregory Visits Prado Dam Picnic Area

State Senator Raymond H. Gregory visited the Prado dam area Sunday afternoon for the purpose of observing first hand the potential public park site as it exists along that section of the Santa Ana canyon. The Senator noted that there were several families picnicking along the river botton and, of course, on such a hot day both adults and youngsters were enjoying the refreshing effect of the water itself. Senator Gregory indicated that he interviewed several people in order to determine how often they frequented the location in qustion and, too, he was interested in determining whether or not they felt that it would be used to a greater degree if such an area wer proprly developed.

The Senator reported that those persons whom he talked to were enthusiastic about prospects of future development and it was generally felt that this area possesses a great future for park and recreational purposes if proper facilities were provided. This would mean greater accessibility, parking, sanitation facilities, picnic accommodations and other such related possibilities.

The Senator was also interested to note that those persons with whom he discussed this problem were residents of surrounding cities including Ontario, Upland, Colton, San Bernardino and Pomona.

Senator Gregory has invited Senator Louis Sutton, chairman, Senate Interim committee, Beaches and Parks, to hold a committee hearing in San Bernardino county at the earliest possible date. He has also expressed his great concern over the complete lack of any state parks or recreational projects in San Bernardino county, and therefore, is most anxious to have this committee make an "on the scene survey" of the urgent need for park and recreational devlopment in this area.

RUMMAGE SALE OF BOOSTERS ON TWO DAYS

Bargain days prevail in a rummage sale here Friday and Saturday at 231 E. Ninth St.

Upland Booster club is sponsoring the sale with all proceeds going to the fund for the purchase of a Highlanders football scoreboard.

All high school boosters and all persons interested in buying rummage sale merchandise are urged by Mrs. B. M. Pace to participate in the sale.

$25,000 Service Station Permit Issued By City

Permit for the construction of a $25,000 service station for the General Petroleum Corp. at the northeast corner of Euclid Ave. and Ninth St. has been issued to the California Steel & Construction Co., Los Angeles.

Razing of the abandoned Presbyterian church building now on the site is scheduled to be started in the next few days to make room for the new station.

City Council Actions

Weed Abatement

A second weed abatment program is being conducted this summer by Upland Fire Dept., and Thursday night the city council approved the cost report for the weed abatement program and instructed the city clerk to file the report with the county assessor for placement on the 1958-59 assessment roll as a lien against the properties cleared of weeds.

Ordinance Amendments

Second reading of the ordinance amending the comprehensive zoning ordinance, changing the requirement for notification of property owners when amendments to the comprehensive zoning ordinance are given public hearings, was also heard by the council.

Another second reading was given the ordinance fixing the amount of money necessary to be raised by taxation for the fiscal year 1958-59.

Adopt City Budget

A resolution was adopted by the councilmen adopting the budget and approving first supplemental memorandum of agreement for expenditure of gas tax allocation for major city streets.

The first supplemental agreement for expenditures of gas tax monies involves the $9,000 to be paid from the 1958-59 city allocation for financing the Second Ave. crossing over the Santa Fe and Pacific Electric rights-of-way. Mr. Alder said the city engineer is ready to place the order for the signals and traffic gates to be installed at the crossing.

Accept Street Deed

Acceptance of a deed from Medco Corp. for a street right-of-way in Foothill Knolls was No. 73, The American Legion, approved, and Upland Post was granted permission to conduct a turkey shoot at the Legion shooting range on E. 16th St., Aug. 23-24. The event will be sponsored by Ontario Elk's lodge.

Vacate Street Area

First reading was given an ordinance declaring the city's intention to vacate a portion of Turquoise way and setting the date for public hearing.

10-Minute Parking

A 10-minute parking stall in front of 221 N. First Ave., to serve patrons of Consolidate Water Co., was approved by the council.

Truck Purchased

Purchase of a three-quarter ton pickup truck for use by city crews was authorized by the council, with purchase to be made from Skycrest Ford at a cost of $2278.77, a reduction of $100 from the firm's original bids of $2378.77. The contract for the truck was originally awarded Alan A. Couch Chevrolet, but as the firm is unable to make delivery on the truck, the purchase is being made from Skycrest Ford at a cost difference of only $32.

Claim For Damages

A claim for damages to a grove at the northeast corner of San Antonio Ave. and Eight St. were received from Mrs. Fred Culter of Claremont, who contended that her grove was damaged during an Upland Fire Dept. weed burning project on adjacent property. Fire Chief Howard Paulin recommended the claim for damage Following lengthy discussion, the councilmen voted to compromise by paying $25 damages. Mrs. Cutler had filed the claim for $77.

Trailer Park Ordinance

Discussion of the proposed city trailer park ordinance resulted in a continuance until the Aug. 21 meeting of the council, when information regarding taxes will be supplied by the city manager.

5th Of May Team Party Ends Season

Little leaguers of the successful Cinco de Mayo team, Cucamonga Little league, were honored at a patio and swimming party Thursday evening at the home of M. and Mrs. Walter C. Sebesta, 7630 Calle Casino, Red Hill, when autographed baseballs were presented Manager Al Ledesma and Coach Paul Makabe. Coach Phil Lujan was unable to attend.

Other than the 17 boys of the team, present were Mr. and Mrs. Robt. Sutton, Mr. and Mrs. Ledesma, Mr. and Mrs. Makabe and Mr. and Mrs. Jesse Solters. Mr. Sutton, Cucamonga LL commissioner, presented the autographed baseballs to the manager and coach.

Mr. Makabe showed color slides taken of the team members during opening day ceremonies last Memorial day and during the All-Star playoffs.

Hotdogs were served the group, followed by an elaborate cake embellished with ballplayer figurines. Movies were also taken during the evening.

Cinco de Mayo players present were Mike Leon, Phil Lujan Jr., Henry Lopez, Johnny Ramos, Alan Sutton, Dan Solters, Tommy Ramos, Ray Rodriquez, Leon Manning, Richard Bittner, "Zip" Makabe, Geo. Sebesta, Gil Perez, Tim Vasquez, John Morris and Art Lujan, bat boy, and Jesse Perez, equipment manager.

James Orsburn Appointed To State Post

JAMES ORSBURN

A position with the California Dept. of Education will be filled Friday by James Orsburn, former superintendent of Central school district, Cucamonga, and a native of Ontario.

Mr. Orsburn will work in the capacity of a field representative, school administration, for the Bureau of School House Planning of the state department of education. His appointment to the position was by competitive examination. Mrs. Orsburn was selected from a large field of applicants.

The Orsburn family moved from S. Archibald Ave., Cucamonga, to their new residence at 4340 Constance lane, Sacramento, on Friday of last week.

For the past seven years, Mr. Orsburn has been with the Central school district. He served only four months as a classroom teacher before being appointed principal of the school, and subsequently district superintendent. His resignation from the latter post was submitted in February of this year and was effective June 30.

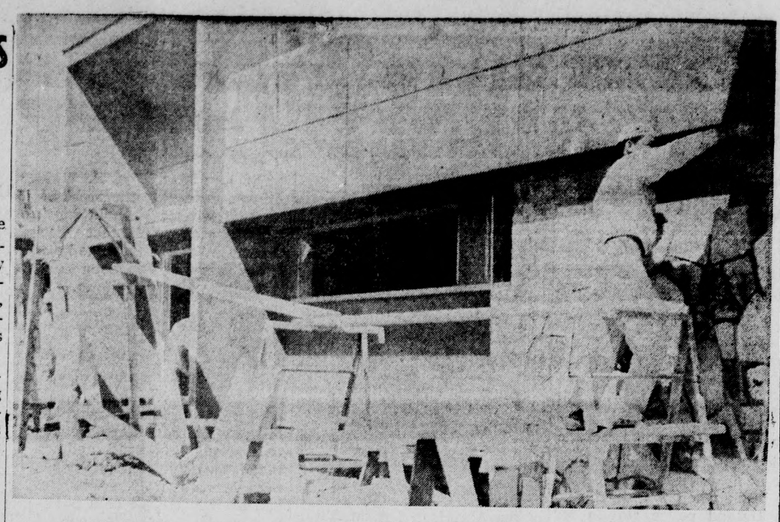

In Sacramento, the two Orsburn children will enter the local schools, with Dee Ellen, 14, entering the ninth grade of Calif. Jr. High school. She was an honor graduate from Cucamonga school in June. James, 11, will be a sixth grader.

Grocery Chains Show Interest In Cucamonga

Several large grocery store chains have expressed an interest in a parcel of property on Archibald Ave. in the downtown area of Cucamonga, Chamber of Commerce President Ted Vath told The News this week.

Mr. Vath also said that several retail stores are studying the Cucamonga district relative to placement of new stores in the community, including a junior department store.

Mr. and Mrs. Marion "Bob" Adkison and three children, 7518 Buena Vista Dr., Red Hill, are due home this week end from a two-week vacation trip in northern California and other points of interest in the Pacific Northwest.

Cucamonga's new professional building on Archibald Ave., soon to be occupied by a medical doctor and a dentist, is pictured as the stone veneer was added to the building frontage. Carl Masingale of Citrus Development Co., builders of the new facility, reports the planned occupancy of the building has been set back from Aug. 15 to Aug. 22 due to unforessen delays. He estimates the two professional men will have equipment and furnishings installed in the two suites and ready for service to the community by Sept. 12. Dr. A. P. Anton and his family are now residing at Buena Vista Dr., Red Hill, after coming here from New Orleans. The dentist, Dr. Ward Kelsay of Grand Terrace, has just completed his dental training at Loma Linda and is preparing to open his new practice in Cucamonga.

Brownell To Wrightwood As Principal

Upland-Cucamonga area, with the departure of David Brownell this month, is losing one of its finest citizens.

Mr. Brownell, for several years a teacher at Cucamonga school, has accepted a position as principal of Wrightwood school in that mountain resort community.

His resignation was accepted by the Cucamonga school district on July 1, effective at the close of the summer recreation program on the campus late this month. Mr. Brownell has already moved his family from Cucamonga to Wrightwood and is residing with his parents in Pomona until the close of the summer recreation program at Cucamonga school.

In his new post, he will direct the six-grade elementary school which is under supervision of the San Bernardino county school office. Mr. Brownell earlier this summer resigned as director of Boys Club of Upland after seeing the new club through its first year of operation.

Business Is Better Here

Business is better in Upland.

The suddenness with which the economic reversal struck in this area early in 1958 left its marks but today recovery is well on its way.

The city's building figures are one good indication. Reponse to clearance sales in Upland stores is another indication that many local people are spending as usual.

While there are some residential vacancies, the number is not abnormally large. Income to the Upland post office is normal as compared with last year. Unemployment was never very marked here and most of the people affected by the Kaiser Co. and Lockheed lay-offs earlier have "readjusted" to new jobs.

A Green Spot

The Euclid Engineering Co., 110 N. First Ave., has set an excellent example for other owners and tenants of downtown property. Their parkway—between the sidewalk and the curb, is not allowed to grow up to weeds and become unsightly. Instead, ivy with all of its sprawling branches, covers the area and presents a bright spot where otherwise there might be desolation.

Congratulations, Fred

Fred Strohte is mighty lucky to be selected captain of the Upland Police department. He is very capable and has proven his right for the selection.

We say he is lucky because he had very strong competition from his two fellow police sergeant candidates — John McCarthy and Waldo Owen. Selection of any of the three men would have given the city and Police Chief John Wessely a good second-in-command in the west end of the Upland city hall.

Our congratulations to "Fred," a very hard worker, an efficient and thorough man in record-keeping and a very dependable leader.

Washington Boulevard

Washington Blvd. is a short, double-drive thoroughfare extending from Campus Ave. east to 12th Ave.

Maybe we are out of bounds in suggesting any improvements there but it seems to us that an opportunity prevails for changing its appearance to one of distinctiveness. Down the center strip extends the Pacific Electric tracks and these are usually unsightly.

The railway company is not very concerned about appearance of this property — but residents along Washington and other residents in the community would like to see it beautified.

How about a Washington Blvd. Improvement Assn., made up from among the Washington Blvd. residents?

Then do something about improving the appearance of this fine residential thoroughfare.

What, Lower Rates?

Due note should be taken of the decrease in rates just authorized by the San Antonio Water Co. directors.

This is not in keeping with the trend. What other provider of a public service is reducing its rates in this era of bulging costs?

Circumstances are favorable to the company, what with nature providing plenty of raifall and the resulting gravity flow of water down San Antonio canyon. Of course, good management is a factor.

The fact remains that citrus growers will be very happy to pocket the $20,000 annual reduction in costs.

Area Collegians Asked To Report Plans To NEWS

August is a month of preparations. A flurry of activity in many area homes annually precedes the move of local students to the college and university campuses over California and the nation.

The News annually presents a roundup of collegians reporting for study at the various campuses and solicits the aid of friends and relatives in learning what local students are enrolling at the various institutions of higher learning.

With college days just around the corner for many 1958 high school graduates and other collegians returning to campuses, The News will begin its reports on these students. Collegians of Upland, Alta Loma, Cucamonga, Mt. Baldy and Etiwanda, are asked to telephone The News editorial office, YUkon 2-1385, and report on their plans for college attendance.

Kaiser Earnings Gain Over 1957

Operations of Kaiser Steel corporation in the second quarter of 1958 resulted in unaudited net earnings of $2,236,000, or 47 cents per share on the common stock after provision for dividends on the preferred and preference stocks.

Sharps and Flats

By CHUCK BARLOW

Fred Strohte being named police captain brought back a pile of memories. Fred was on the desk when I walked into the Upland police station for the first time. He gave me the general distrustful eye a police official gives a new reporter.

Police departments want the same reporters around all the time. Even though a reporter is a jerk the department would rather have him than a new reporter. The fact that a reporter is a jerk, and the police know it, enables them to treat him like a jerk.

The pages of fourth estate history are filled with stories about sorry police reporters who couldn't understand what was happening to information that was normally available.

A misplaced report, lost evidence (lost only temporarily, however,) forgetfulness in arresting officers (for the once, only), declining to answer and a host of other aggravations can make bookies out of poor reporters.

When I met Fred's eye that morning I thought to myself, "this huckleberry is going to take some warming up to. . . I don't like that frosty orb."

With this negative approach, it took a long time for me to find out that my thinking about Fred was all wrong.

If I asked anybody else in the police station for information and they couldn't give me an answer, I would thank them and go my dreary way.

But if I asked Fred for information and he shook his head and couldn't answer, I said to me immediately, "this bird is covering up. He knows but he won't tell me."

This caused me to spend long weary hours trying to pry information out of a good guy who didn't have the information in the first place.

Extroverts, back in those days around the police station, were a dime a dozen. Don Georges, now on the Montclair force, could be heard bemoaning his misfortunes in a voice that carried clear and far. Harlan Jackson, now a desert deputy, would be on the soap box orating in a loud vibrating roar. John McCarthy would be laughing at something that was aggravating Waldo Owens and John Wessely would be trying to find out who put tri-sodium in the fire department coffee pot by bellowing through the din. This, plus the usual clamor of rookies hunting misplaced parts to their uniforms and drivers trying to pay traffic tickets, was the oft times scene that greeted the inquiring reporter.

Fred would be at the radio desk as calm as a horned toad in a corner stone. He seems to know how much attention to pay to who and when to do it. He never overplays or underplays the thing he is supposed to do.

Once in a while the continuity of zany events even gets under his calm exterior. When he gets tickled he laughs all over. He has a big generous bump of humor.

Imagine me trying to pump information out of this guy. I really flattered myself, back in those days. Chances are he would have told me such information wasn't for release and to go roll my hoop, had he known what I was after. But he didn't know and said he didn't know. I thought he was covering up and didn't believe a word of it. Now I find out he had no cuase to hide information from me or anybody else.

As the years rolled by Fred and I got to know each other better. That frosty eye disappeared and a spirit of warm cooperation replaced our early distant relations. He found I wasn't going to steal his bridgework and I found out he was on the level. Many are the cooperative results that have grown from this friendship.

It always makes me feel good to see my frinds promoted. But there is something extra special about seeing Fred raised to a captaincy.

He is a good solid sincere guy and he'll make Upland an outstanding officer in this new position he has been selected to fill.

TIME PASSES

15 YEARS AGO

Ernest H. Gibson and Mel Riggs both got early season deer. The season was not to open in this area until April 21. The deer had been bagged in the Santa Paula district.

With the temperature registering 105 at the Liberty Groves at 11 a.m., Upland was later treated to some wild weather with rain, hail, thunder and lightening, all on the same day. Showers fell for several minutes over a wide area.

Mrs. Earl E. Marsh was a candidate for vice president of the California department of the American Legion Auxiliary.

Twelve names were being voted on for the board of directors of the Upland chamber of commerce. Nominees were chosen by six holdover members who were, Norman S. Lawson, Albert C. Reynolds, Wallace Taylor, Leigh Thompson, Owen E. Atwood and James Goodban. Names of the elected directors were to be announced at a meeting Aug. 31.

Falling stars were presenting a vivid night display. Dr. Ralph Larkin, noted educator and astronomer of Claremont, explained that the most famous meteor shower, Leonids, would be climaxed during the week. Observers were advised to face northwards.

The late Mrs. Una R. Winter was defending the right of married women to hold jobs. Her views on the subject were printed in the Los Angeles Times, after it had been carried in the BWPF bulletin.

25 YEARS AGO

Upland's summer recreational program was to end with an entertainment, Mrs. J. B. McCarter, chairman, announced. In addition there was to be a display of craft articles made by children participating. Mrs. Wm. E. Amberson had been in charge of a painting session one afternoon a week and swimming had taken place, with F. H. Clapp instructing in Ontario.

W. H. Pattillo, county chairman of the war loan drive, had been in Upland making plans for the drive which was soon to open. Taking part in the local conference were D. E. Palmer, Frank K. Nichols, Harlow S. Wilson, O. P. Brady and John W. Shepperson. An Upland quota was to be set later.

C. R. Williams, 378 S. Euclid Ave., formerly a farmer in North Carolina and Virginia, was producing corn 16 feet high in his Victory garden.

Mrs. Edwin L. Wickstrom, weary of having peaches stripped from her trees, was going to do something about it! For the past three years peaches and avocados had been stolen. The Upland News story did not say what method Mrs. Wickstrom was adopting but warned those with a yen for the fruit would do well to "consider the importance of their own safety and freedom."

Uplanders were advised they could expect a slight decrease in their combined property tax. A wild spree and a whirlwind drive through a citrus grove that ended with an army vehicle piling up against a storm drain at Euclid and Mountain, found the police searching for the injured and the vehicle. Army personnel kept civilians away from the crash scene and removed all evidence of the car and driver. Two citrus trees had been knocked down and the truck had crashed through heavy timbers and concrete at the storm drain. Emerson Heer and H. N. Williamson advised Police Chief Eugene L. Mueller of the occurrance and he in turn was in touch with army authorities.

Owen W. Davis of the Allen Couch agency reported that the tire situation was more critical than it had been and the prospect of new tires was months away.

The trouble with human beings is not that they lack horse sense, but that they lack human intelligence.

New Books For You . . .

At The Upland Public Library

By Dr. Hazel Akele Pulling

The father of a young library patron said to his son recently, "You do bring home the most interesting books!" and he was expressing the feeling that many parents have about their children's reading material.

In the field of science, in particular, there are many books being published which are not childish but which children can understand and which parents and childen may enjoy together.

THE ILLUSTRATED BOOK BY THE SEA by Leon Hausman is an outstanding example of the type of book which appeals to all ages, especially those who live near the ocean. The book deals with life in the sea, both vegetable and animal. Special attention is given to tide-pools near the water's edge. Felix Sutton co-authors the text and illustrations by Art Renshaw and Herman Bischoff have caputred the exquisite coloring of sea life.

Three companion books written in cooperation with the Museum of Natural History in New York are also family books. The titles are ATOMS, ENERGY AND MACHINES by Jack McCormick, THE WAY OF THE WEATHER by Jerome Spar, and THE EARTH'S STORY by Gerald Ames and Rose Wyler.

THE GOLDEN BOOK OF AMERICA is a book that no family should miss. Reprinted from the pages of American Heritage Magazine and adapted for children by Irwin Shapiro, this Golden Book covers the period from the discovery of American to the first world war. It is a collection of Americana which tells the way that people lived, their explorations, their table dishes, valentines, ships and circus posters.

Two other books which the family may share are THE FIRST BOOK OF SCIENCE Wyler and THE ILLUSTRATED BOOK OF KNIGHTS by Coggins.

Boys of all ages above fifth grade will be happy about the addition of two biographies of big-league baseball players: JACKIE ROBINSON by Gene Schoor, and THE WARREN SPAHN STORY by Milton Shapiro. In the fiction field, SCHOOLBOY JOHNSON by John Tunis is also a baseball story.

Four sparkling new books for the picture-book members of the family who may not enjoy the family literature are UMBRELLA by Taro Yashima, MY DOG AND I by Nancy Lord, ALL FALLING DOWN by Gene Zion, and another book by Dr. Seuss, YERTLE THE TURTLE AND OTHER STORIES. Dr. Seuss is a tremendous favorite with mothers and they will welcome Yertle, Gertrude McFuzz and The Big Brag.

Master Zone Hearing Soon

Sept. 25 is the tentative date for the public hearing on the city's proposed master plan.

Upland city planning commission is expected to officially set the date for the hearing at its Aug. 28 meeting. A map, showing the various zones and the long-range city development is displayed in the city council chambers for public inspection. A comprehensive document has also been prepared, outlying the services, and municipal needs for years ahead.

Based on the various land uses as proposed in the ordinance, Upland's ultimate population is forecast at 60,000 people.

Cucamonga School Budget Cut $24,000; No General Reserve

With Cucamonga School district's second tax rate election failing to approve a 35 cent increase in the district tax rate for 1958-59, the school trustees Thursday night sliced $24,000 from the operating budget to keep the district operation within the amount of funds to be available with a $1 base tax rate.

With this amount cut from the operational budget, District Superintendent Ralph Bullock told The News the cuts were made in the general reserve fund, where $20,000 was deleted, and the capital outlay fund, where $4,000 was deleted.

Supt. Bullock explained that the general reserve fund provides funds allowing a district to operate and pay salaries from the first of the following fiscal year, July 1, through late Dec. when tax monies are collected and made available to the school district. With $20,000 taken from this reserve fund, at the close of the 1958-59 fiscal year, there will be no monies to operate the Cucamonga School district from July through December, 1959.

During the past fiscal year, in addition to the $1 base tax rate, the district board necessarily levied tax rate overrides totaling 15 cents for a total tax rate of $1.15. Mr. Bullock said these overrides would be levied again this year to pay into the certificate employes' retirement fund, four cents; non-certificated employes' retirment fund, four cents; meals for needy students, three cents, and community services, five cents. This would bring the override to 16 cents but another override of 11 to 13 cents is necessary to repay $6,309 to the state apportionment building fund on the state apportionment used to build the present school plant. Mr. Bullock explained that if the district was bonded to the extent that it would pay a 40 cent rate on bond repayment, it would not be required to repay this amount to the state apportionment building fund. But as the district bonding rate is only 28 cents, due to failure of recent bond elections, the district must pay the same amount of bond repayment money to the state apportionment fund instead of on bond repayment. This will make the total district tax rate for 1958-59, $1.27 to $1.29, as an override is the only source from which the $6,309 can be obtained.

Terrific Show

120 Young Uplanders In Recreation Event

Upland's Summer Recreation Variety show in Upland Elementary auditorium, Saturday night, drew an enthusiastic and appreciative audience, with Bill Wolfe, recreation director, as master of ceremonies. Title of the event was, "Around the World." Karen Staples, baton instructor, was program chairman. There were 120 participants and an audience of 400.

Mr. Wolfe, well pleased with the event, described it as a terrific show with beautiful costumes. Parents of the youngsters were no less enthusiastic.

The program started with presentation of awards to athletic winners and the junior pentathlon. Also presented were minor league players of the Yankees and Senators, first and second minor League tournament winners, who received ribbons awarded by Minor League Director, Geo. Schilens and Coach Steve Zavitz.

Miss Ammannito Showered

Fifty guests attended the recent miscellaneous shower honoring the former Miss Norma Jeanne Ammannito, 546 Fifth Ave., whose marriage to Jas. Eugene Phegley took place Saturday afternoon.

Hostess was her sister-in-law, Mrs. Carmen Ammannito and the event took place in Ontario Woman's club house. Gifts were piled high on a table, making a focal point of attraction. The refreshment table was decorated with powder blue hearts of lace and centered with two beautiful white wedding bells.

Following the opening of gifts, guests enjoyed a buffet supper.

Those present included the bride-elect's mother, Mrs. J.C. Ammannito; the mother of the bride-groom-elect, Mrs. James A. Phegley of Ontario, and bridal attendants, Miss Flora Ammannito, Mrs. Eugene Anguiano, Mrs. Chuck Smith and Miss Kay Helber.

Winning prizes in a game were Mrs. Gerry Swenson and Mrs. Riley White. To the amusement of all, the bride-ther-in-law engaged in a popcorn contest which was declared a draw.

Heavy-duty 100 Series tandem (foreground) and Fleetside pickup.

You get the right power... right down the line!

From the mountain-movin' Workmaster V8 in tandems down to the quick-stepping Thriftmaster 6 in pickups, Chevrolet trucks offer precisely the kind of power you need. Here are seven truck engines designed and built to work longer for less on your job.

WORKMASTER V8—Built for top-tonnage hauls, this 348-cubic-inch V8 packs 230 h.p., has new "Wedge-Head" design.

HEAVY-DUTY SUPER TASKMASTER V8—This 175-h.p. V8 is tough-built for tough jobs. Like the Workmaster, it has 4-barrel carburetor, dual exhaust.

HEAVY-DUTY TASKMASTER V8—Engineered to put muscle in medium-duty jobs, this 283-cubic-inch V8 packs 160 h.p.

JOBMASTER 6—Built for dollar-saving durability, this 261-cubic-inch 150-h.p. 6 hauls hefty loads with ease.

TRADEMASTER V8—This 160-h.p. V8 has stay-on-the-job stamina for tight schedules. 8.5 to 1 compression ratio.

THRIFTMASTER 6—Tops for cutting cost corners, this 235-cubic-inch 6 has 145 h.p., 8.25 to 1 compression ratio.

THRIFTMASTER 6 SPECIAL—Ruggedly built for Forward Control duty, it's got more "go" for stop-and-go hauling.

Why buy a home blindfolded?

The Medallion Home symbol takes the confusion out of buying a home. It protects your investment with 4 guarantees!

MEDALLION HOME
LIVE BETTER ELECTRICALLY

2 out of 3 homes built today are electrically obsolete. They're not wired properly. They offer inadequate lighting provisions. They're equipped with few, if any, built-in electric appliances. You can never be assured of getting full resale value out of one of them.

Protect yourself—eliminate risk and guesswork. Look for the Medallion symbol on the home you buy. Every Medallion Home is guaranteed these 4 ways *at no extra cost to you.*

1. **Major electric appliances** already built in. An electric range, plus at least 3 other most-wanted appliances. They're part of the original house plan—not out-of-pocket extra expenditures.

2. **Provisions for proper lighting.** Eye-saving lighting that is both decorative *and* functional—located in areas where you need it.

3. **Ample wiring** for present—and future—needs. It's in and paid for—it will accommodate today's appliances and those you'll want tomorrow.

4. **Insured resale value.** Because the future is *all* electric, a Medallion Home will remain modern—your most important investment is protected.

A Medallion Home is your best—and *safest*—new home buy today!

Marjorie Lackey Wed In L. A. To Live In Sacramento

Miss Marjorie Alice Lackey, daughter of Mr. and Mrs. Travis T. Lackey, 749 Shasta way, and David Livingstone Herdrich, of Sacramento, were married July 26 in Francis chapel of the First Baptist church, Los Angeles, in a double ring ceremony with the Rev. Glen E. Hanneman officiating.

Mr. Herdrich is the son of Mr. and Mrs. Samuel Herdrich, 215 Chestnut Ave., Los Angeles.

Baskets of white stock and gladioli decorated the church for the ceremony when the bride, given in marriage by her father, wore a gown of white peau de soie and Chantilly lace. The bodice was of lace and lace detail was used on the skirt. A pearl tiera held her fingertip veil and she carried a white orchid on a white Bible.

Mrs. Delvin L. Harbour of Ontario, sister of the bride, was the matron of honor and only attendant. She wore a gown of pink organza and lace over taffeta with matching shoes and a floral headdress of pink and white stock. She carried a bouquet of pink rosebuds and white carnations.

Stanley Herdrich of Alhambra, brother of the bridegroom, was his best man and the ushers were John Wickham, cousin of the bride and Maynard Herdrich, brother of the bridegroom.

Mrs. Lackey wore a dress of slate blue silk organza with shoes and hat to match and Mrs. Herdrich, mother of the bridegroom was gowned in aqua taffeta. Both wore white orchid corsages.

Owen Brady was the organist.

A reception followed in the church social hall with 175 guests attending. White asters and greenery were used as decorations. Punch was served from two silver punch bowls. The beautifully decorated cake, baked by the father of the bride, was cut by Miss Jean Powell with Mrs. Rodney Holton assisting. Others assisting as hostesses were, Mrs. Carroll Julian and Miss Genevieve Black at the punch bowls, Mrs. Lewis Littleton, guest book and Mrs. Martha Mallory, gifts.

The bride, who is an apparel designer has been living in Los Angeles. She attended Chaffey High school and Tipson School of Design and is a Kappa Tau Delta sorority member.

Mr. Herdrich, who was educated in Wisconsin, served four years in the U.S. Army and was in the European theater. He is employed by the General Aero Jet, Sacramento, where he and his bride will live at 6658 19th Ave. They will be at home after Aug. 19.

For the honeymoon at Lake Tahoe the bride changed to a silk print in turquoise shades.

From time to time we have suggested that our readers should go to church; the idea is still sound.

Campfire Group Of Former Years In Reunion Here

Mrs. Virgil Bowser, 887 W. 13th St., was hostess to the Wabanaki Campfire girls for their annual reunion. Mrs. Harold Blatz, Cucamonga, group leader when the members were in junior high school, was honored that eight of the 10 members were present.

This group holds a record for keeping together since their junior high days.

Those attending from Pomona were Mrs. George Edgerton, Mrs. Dale Dooley, Mrs. Vernon Ring, and Mrs. William Karns. From Los Angeles came Miss Bonnie Hall and Mrs. Charles G. Colver from Glendora. From Columbia, South Carolina was Mrs. Ray Holroyd. She is visiting with her parents Mr. and Mrs. Blatz in Cucamonga.

JOBBIE'S GUESTS

Members of Upland Bethel, Job's Daughters were guests of the Ontario DeMolays at a beach party, Sunday.

Committee Heads Named For St. Mark's Bazaar

Mrs. O'Shea, has announced chairmanships for St. Mark's annual bazaar for the event as follows:

Mrs. Harold Bartholemew and Mrs. Chas. Hawthorne will be in charge of aprons and antiques; Mrs. Wm. Mason, parcel post gifts; Mrs. Zane Williams and Mrs. Wm. Strickland, white elephants and gifts of $1 and under; Mrs. Fred Bissell and Mrs. Claire Lewis, Christmas items, doll clothes and grandma's Pantry of homemade foodstuffs.

Children of the church will assist Mrs. Charlotte Bruno in designing decorations for the parish Hall. The HiMarkers and the Couples club led by Mrs. Herman Smolek, will direct the game area.

Mr. and Mrs. E. W. Wake and the sixth and seventh grade boys will man a mobile soft drink concession.

Norman O'Shea and the men of the vestry will serve the barbecue dinner with Mrs. W. K. Stanley in charge of coffee and dessert.

Dean Smothers Enters Army

Dean Smothers, son of Mr. and Mrs. H. E. Smothers, 554 Fifth Ave., has been called to U.S. Army Service and left for the reception center at Fort Ord last week.

His wife, the former Miss Bonnie Hadley, is presently making her home with her parents, Mr. and Mrs. L. S. Hadley, 846 N. First Ave., and will continue through her final year at the University of Redlands, where she expects to graduate with her teaching credential in February.

Mr. Smothers was on the staff of the DeAnza Junior High school, Ontario, last year as a physical education instructor.

Federation Plans Events

Woman's club presidents of San Bernardino district federation will meet at Desert Hills Guest ranch in Lucerne Valley, today, for a special meeting planned to develop a closer relationship between district and club officers as a means of co-ordinating activities for the coming year. Swimming will follow lunch. The group will convene the business session at 10 a.m.

The district federation plans a leadership training program in Victorville, Sept. 4. Instruction will be given club officers to aid them in carrying out their duties during the coming year.

Reservations should be made with Mrs. Francis H. Ralya, PO Box 1153, Victorville.

BPWC

Upland BPWC members will be taken to South America by the showing of slides at the dinner meeting, Aug. 14, 6:30 p.m., in Upland Woman's club house.

Several Join At Red Hill

The board of directors of Red Hill Country club are welcoming four new members. They are, Frank L. Smiderly, Geo. V. Burnett, Orville C. Hollinger and Clarence R. Lohrey.

Mr. Smiderly, a partner in Smiderly Bros., commercial income property, lives at 7503 Alta Cuesta, Cucamonga with his wife and one child. He is also an employee of the U.S. postal department. He purchased the membership of Wm. Mehas.

Mr. Burnett is the principal of the El Monte High school and lives in Arcadia. He acquired his membership from John C. Wood.

Mr. Hollinger is an El Monte school principal and also lives in Arcadia. He has purchased the membership of Daryl E. Shewell.

Mr. Lohrey is an associate member who has taken over the regular membership of Arthur T. Seaman.

County Museum One Year Old

San Bernardino County Museum in Bloomington is just one year old, it was announced at a recent meeting of the executive committee. Robt. Covington, a member of the county planning commission, who was at the meeting, urged the executive director to begin a master plan to cover the next four to six years.

Complimented for their assistance and financial aid were members of the Bloomington Dads club who have given financial help as well as physical labor to the project. Each member of the club has been presented with a life membership in the museum association.

It was pointed out by H. Burr Belden, who recently attended the annual conference of historical societies at Clear Lake, that San Bernardino is the only one of the larger counties in the state that does not have a tax supported museum.

Gale Leaves Steam Plant Here For Mandalay Station

Earl G. Gale of 757 Flora St., Ontario, station chief at the Etiwanda Steam station, will leave Friday, for his new assignment as station chief for Southern California Edison's new Mandalay steam station near Oxnard, Don M. Smith, Edison's Ontario district manager, announced today.

Gale's arrival for duty in his new capacity will spearhead the movement of operating personnel to Mandalay steam station which is scheduled to begin operation of its first unit next spring. In his post as the first station chief at the Mandalay plant, Gale will supervise personnel and operation of the station.

Gale has been with Edison since 1936 when he joined the utility as a fireman at its Long Beach steam station.

Following his discharge from Coast Guard service in 1945, Gale returned to Edison and was soon named head boiler operator at the Redondo Beach steam station. In 1952 he was transferred to the Etiwanda plant in the same capacity. Following promotions as watch engineer, assistant station chief and superintendnet of plant operation, Gale was named station chief of the Etiwanda plant in 1956.

According to the current schedule, he will be joined at Mandalay by other members of his operating staff in October. The permanent maintenance crew will follow in February.

Gale and his wife, Jeannette, will make their home in Ventura where their son, Earl G. Gale III, will attend college.

31 Cucamonga Readers Get Certificates

Thirty-one Cucamonga youngsters have already completed reading at least 10 recommended books to receive certificates and California Jr. Forest Ranger membership cards, according to Mrs. Glenn Clark, librarian at the San Bernardino county branch library on Archibald Ave.

Each year, more than 50 youngsters participate in the Smokey Bear Vacation Reading club at the library, with those reading 10 of the recommended books receiving a certificate and the membership card. The recommended books deal with animals, forest and waters, forest neighbors, birds, earth, sea and sky. Older children report on the books they have read.

The program ends Aug. 29, on which date all books read must be reported by club members desiring the certificate and membership card, Mrs. Clark reports. The annual program is jointly sponsored by Calif. Fire Prevention commission and Calif. Library Assn.

Winners of the certificates to date are Cecilia Alvarado, Lorraine Acevedo, Carol Aponas, Marguerite Archibald, David Bruce, Joan Aponas, Nancy Archibald, Jim Ford, Victorio Frendo, Patty Ann Gakle, Vilma Gabaldo, Dorothy Gakle, Judy Diana Hodges, Sandra Hovey, Jeanne Hodges, Allen Krawl, Eileen Laub, Yolanda Lopez, Clarice Mangum, Brian Mertz, Denon Minney, Dorothy Mousseau, Deborah Powell, Martin Minney, Cheryl Petre, Peggy Schmidt, Barbara Wallace, Patty Warda, Billy Weatherell, Bob Wickert and Dick Wickert.

A story hour for pre-school and kindergarten children is held at the library every Wednesday, 10:10:30 a.m., with Mmes. Boyd E. Laub and Elizabeth Hoops in charge.

Major and Mrs. Wm. "Bill" Rice and family, en route from their former station, Brookely AFB, Alabama, to Honolulu, Hawaii, visited recently in Alta Loma with her sister and family, Mr. and Mrs. Ted Vath and family. The Rices left Thursday of last week for Lake Isabella, where they were joined on Sunday by the Vath family, and together the two families have been touring California points of interest this week before the Rices depart from Travis AFB for Honolulu.

G. Guzman, Rempel, Smith Take Trophies

Trophy winners in the Upland Recreation progam tennis tournament, held Aug. 4-8 on the Highlander courts, were Gloria Guzman, Larry Rempel and Bob Smith, with Miss Guzman taking two trophies. Coach Paul White directed the competition.

In the 13 and under singles competition, Miss Guzman was the trophy winner, with Bob Smith ranking second and Ken Shattuck in third place. In the 11 and under round-robin singles tourney, Larry Rempel claimed the trophy, with Danny Guzman in second place and Jonathan Wilson placing third.

In the 13 and under doubles tourney, Gloria Guzman and Bob Smith teamed to win, both receiving a trophy. In second place were Connie Chalberg and Sue Tarter. Third place winners were Jill Brown and Heidi Nimmergut.

Intermediate tennis certificate awards, based on a skill test, were made to Kristy Kellett, Epi Lara and Sue Tarter.

Coach Paul White, right, presents singles trophies for the Upland Recreation program tennis tournament to Gloria Guzman, 13 & under singles winner, and to Larry Rempel, left, 11 and under round-robin singles winner. Miss Guzman also teamed with Bob Smith to win the 13 and under doubles competition Friday.

Boys Club In Win Over Union Store

With John Terrones, Upland Boys club, and Tony Munoz, Union store, tied in a great pitching duel, Benny Rodriquez took time out to break it up with a two-run triple. The final score was 3 to 1. Ray Melendrez saved the game by his spectacular play in left field.

Wesley Crump hit for a triple and Lino Mendoza a double, while Tony Munoz was limiting the Boys club to two hits. Munoz also hit a triple.

Sports

Fun Events Slated For Colt Leagues Here For "Series"

Although a World Series may not be coming to the Los Angeles Memorial Coliseum this year, World Series players will go to the 105,000 - seat stadium on Aug. 25 when the Los Angeles Dodgers host eight teams from the United States and Canada who will be vieing for the Colt league baseball championship in Ontario.

Youngsters in attendance when the Dodgers take on Cincinnati that night will be survivors of 39 state tournaments, plus the Canadian champions.

Already certified for the tournament, slated at John Galvin park Aug. 23 — 30, are Charlston S.C., Host Ontario, Calif., Anniston, Ala., and Findlay, Ohio.

Other highlights of the 10-day stay in Southern California will be a day at Disneyland, dinner at Knott's Berry farm and tour of the ghost town, breakfasts at Ontario Elks club and Kaiser Steel plant in Fontana, a visit to a major Hollywood studio and the World Series awards banquet at Ontario International Airport, which will be sponsored by the Lockheed Aircraft Management Service club.

Last year's inauguaral affair here for the cream of the nation's 15 and 16-year-old players was limited to four teams —La Mesa, Calif., Vancouver, B.C., Canada; Martin's Ferry, Ohio, and San Antonio, Texas—but this year's classic has been expanded to accommodate eight teams.

Girls' Collegiate School Expands Campus Facilities

Girls' Collegiate school of Claremont, which annually serves a number of Upland girls, is expanding its facilities this year with the addition of a large residence with pool to the school campus.

Miss Florence Beard, headmistress, reports the school has leased the large stone residence just north of the school campus on Padua avenue to accommodate a house mother, two faculty members and a number of resident students.

Development plans call for construction of a new classroom and administration building, which would permit conversion of the present school building into a residence hall.

Minor League

WHITE SOX 9, PHILLIES 6

Hitting by Phil Taylor and Bill Perry sparked the White Sox late inning scoring to overcome a four point lead. A double play by the White Sox highlighted the game.

Sharing the winning pitching honors were Bob Riggs and Bruce Pollack with Bill Perry behind the plate. Phillies' batterymen were Walley Cyphers, Mike McGready and Bob Shelton. The game was played on Warders field, Aug. 4.

YANKEES 7, BRAVES 6

Good plays by Jim Coats, Ricky Adams, Bob Dier and Dan Guzman featured this game on the Olivedale diamond Aug. 4.

Guzman and Dier were the winning pitchers with Dier and Bob Rizzardi taking turns behind the plate. Losing twirlers were Coats and Robt. Mercer and they also took turns behind the plate.

YANKEES 17, WHITE SOX 4

Ed Rizarri's hitting, a single and a triple, aided the Yankees to win, 17-4, over the White Sox in Minor league play Thursday morning. Bill Perry homered and single in a losing cause. Bobby Dier turned in the game's fielding gem. Roger Baker held the losers to two hits and the Pollack-Christensen pitching combination of the Sox held the winners to four hits.

"Pie Feed" Of Odd Fellows To Be Held Oct. 7

Annual "pie feed" of the Euclid chapter of the I.O.O.F. is a big event here Oct. 7.

Carl Reitz, who is in charge of the event, said that a varied entertainment program would be offered in addition to the serving of pie as a dessert. Proceeds will be used to aid the lodge in sponsoring its Little league ball club and in the United Nations pilgrimage.

UHS Summer Graduation For Nine

Nine Upland High school students satisfied the requirements for graduation by attending the summer session which closed Friday, Aug. 8, according to Harvey W. Shirk, summer school principal.

At a special assembly on Friday, the following graduates received their diplomas: Kenyon Matlin, Daniel Lee Cartwright, James Walter McCoy, Hugh William Marquis, William Wayne Owen, Carolyn Carter, Julia Chavez, Sandra Louise Kish, and Marylee Kay Gillenwater.

Principal Alexander McLeish presented the diplomas.

Musical selections for the assembly were arranged by Elbert Warren, and presented by the Upland High school marching band. The speech department, directed by Barry Alexander also participated in the program. Bob Jones entertained the audience with a specialty number.

The assembly marked the close of summer school.

Tri-City Golf Tourney Is Aug. 16-24

First annual Upland-Montclair-Ontario open golf tournament will be staged Aug. 16-24 on the new nine-hole Lomitas Golf course in Ontario, Director Bill Wolfe of Upland Recreation program announces. The city recreation programs of the three adjoining cities are sponsoring the UMO tourney.

A $3 entry fee will permit entrants of all ages to compete in 18 holes of medal play and be eligible for prizes of golf merchandise to be offered by local sports equipment dealers.

Low net prizes for first, second and third will be based on the application of the "Callaway" system of handicapping, Coach Wolfe said. This will give the beginning golfer a chance to win a prize. Three prizes will also be awarded for low gross.

Starting times will be arranged at the Lomitas golf and prospective entrants shop, and prospective entrants should telephone YUkon 4-1443 or visit the shop at Sixth and Mountain, Ontario.

Jim Smith, Bill Perry, Paul Morrison Top Winners In Junior City Pentathlon

Jim Smith, Bill Perry and Paul Morrison were the three top winners in the three classes of the city championship junior pentathlon concluded here last week under auspices of Upland Recreation department. Golf trophy cups were awarded this trio, Saturday night with second place ribbons going to Wally Sipher, John St. Martin and Paul Pagano. Third place ribbon winners are Bob Mercer, Ron Mercer and Steve Guyon.

National League

HORTICULTURAL 9, IOOF 4

Errors were the downfall of the IOOF players who failed to give their pitchers any support Thursday as Horticultural Center claimed a 9-4 victory in National league play. Al Lopez pitched a good game for the losers, but tired and gave way to Alley Crey in the fifth. Paul Jurarez played a good game for IOOF.

ROTARY 6, ALL-STARS 5

Rotary had a fast double play from Leo Martinez to Larry Johnson to Allan Ennis, with the score tied at five points, to claim a victory of All-Stars in Monday evening 6-5 over the National league competition at Warders field. John Lopez hit the first pitch out of the park for the winners and Martinez held the mound all the way, allowing only two hits and striking out nine. Sal Giuliano went the route for the All-Stars, striking out 10 Rotary players and giving up six hits.

ROTARY 22, HORTICULTURAL 1

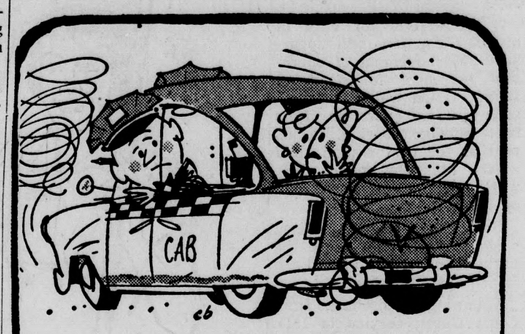

Jos Hughes pitched a nice game as Rotary rolled up a 22-1 win over Horticultural Center in August 4. National league play. It was one of the most powerful attacks of the season as Rotary didn't allow the opponent a chance to do anything. Rotary turned in another good defensive game. The winners scored 22 on 11 hits and made no errors. Horticultural had one run on two hits and made six errors.

IOOF 14, HOLLAND 13

IOOF upset Holland Paving Co. by rallying in the last two innings of this August 4 National league thriller, winning 14-13. Held scoreless the first two innings, while Holland score one and then nine runs, IOOF came back i the third and again in the fourth for seven-run quarters. Paul Juarez took the win on the mound for IOOF, after his team led off in the fourth. Juarez also had two for three. Jim Boothe had two for four and Les Kalil, had three for four. Norm Hawkins had a solo smasher in the second with two on for Holland.

First Baptists Win City Softball Championship

11-1 Season Record Wins; Boys Club 2d

Favored First Baptist church Monday night claimed the championship of the 1958 Upland City Softball league, taking a final 11-6 victory from First Methodist church to retain the championship. In second place is the team of Boys Club of Upland, which would have moved into a first place tie had First Baptist lost the Monday game.

The championship trophy was presented the winning team at the close of the game Monday night in Memorial park. A second place trophy was also awarded.

Baker Hurls Win

Bill Baker hurled a good game for the champions, striking out 13, but 12 walks kept him in trouble. Sonny Nicholls and Jack Welch played outstanding defensive games for the Baptists. Winning catcher was Mgr. Bob Smith.

Members of the championship softball nine are Baker, Smith, Nicholls, Welch, Glenn Jarvis, Eddie Adams, Wm. Walker, A. D. Wilson, Bill Cresswell, Bill Fite, Ken Carter and Mascot Larry Jarvis.

For the season, the Baptists won 11 games and lost only on. Boys Club of Upland won nine and lost two.

League Standings

League standings through Monday, Aug. 11, with only two games remaining on the schedule, are as follows:

Monday Contests

Monday night's Baptist vs. Methodist game, also affected the standing of the Methodist team, with the loss moving it from third to fourth place and advancing San Antonio Heights Baptist church from fourth to third place.

A second Monday night game saw Union Store edge past 7th St. Mennonites, 5-4, to tie the Mennonites for fifth place. Union Store was previously in sixth place, but the win gave both teams a 3-8 season for the fifth place tie.

The winning run for Union Store came on a single by Ed Vincent with Fondaria on second. Tony Munoz held the Mennonites in the top of the fifth to be the winning pitcher. Hits for the winners were by Louie Ledesma (two), Steve Meibis, Rudy Alonzo and Vincent, singles, and Al Ramirez, a double. Mennonites were held to two hits with J. Shetler contributing both singles for the losers.

Games On Slate

Two games yet to be played by the league teams is the 6 p.m. contest Saturday between Mennonites and Boys Club, and a Monday game with Union Store and Heights Baptists competing. Results of this game could change the order in which the lower five teams could finish in league standings, but cannot affect the standing of the top two teams.

TRIUMPHANT MEMBERS of First Baptist church softball team, 1958 city softball league champions, are left to right: First row, Mascot Larry Jarvis, Jack Welch, Glenn Jarvis, Eddie Adams, Sonny Nicholls and Wm. Walker; Back row, A. D. Wilson, Mgr. Bob Smith, Bill Cresswell, Bill Baker, Bill Fite and Ken Carter.

40,000 Grape Boxes In Fire

Mike Carrari, prominent Cucamonga-Alta Loma district wine grape rancher, was the loser last week when 40,000 grape boxes were burned in the old barn of Kaiser Co. east of Cucamonga.

The boxes were being prepared for the coming grape harvesting season. A trailer owned by Everett Kennedy, parked outside the barn, was also burned.

As the area of the barn is not served by fire hydrants, being outside Cucamonga Fire Protection Dist., the volunteer Cucamonga firemen could only protect adjacent buildings with water hauled in by the fire fighting tankers. The Forest Service was called to the fire, located in the Forest Service jurisdiction, and battled the blaze until it was controlled and finally extinguished.

Swim For Fun In Plunges On Campus

Uplanders can beat the dog days by taking advantage of the new plunge at Upland High school. Gus Rischer, summer swim director, urges community residents to avail themselves of the opportunity to swim in heated pools for a nominal sum. "Bring the kids and cool off," Rischer said. He also said that those who are more the observer, rather than participating types will find comfortable seats in the elevated bleachers, affording a cooling breeze and a view of both pools.

One pool is for diving, and the other for swimming. Recreational swim hours are from 1 to 3 p.m.; from 3:30 p.m. to 5:30 p.m., and from 7 to 9 p.m. Coach Rischer reminded the public that the evening hours are fine for swimming since few people have taken advantage of the opportunity. In fact, Director Rischer indicated that if more attendance of the recreational swim program is not forthcoming, the facility will be curtailed a week early.

"This is not the instructional program. This is swimming for fun," Rischer said. "Come on in and get wet and cool."

Etiwandans Hear Proposal For Metropolitan Area

Etiwanda Service club members last evening heard Robin Heyer, Fontana school teacher, lawyer and member of the Chaffey college board of trustees, tell of the federation of cities proposed for uniting Rialto, Fontana, Bloomington and Etiwanda into a metropolitan government.

The plan proposed to set up a metropolitan form of government for the federated area, while allowing each of the communities to retain its identity. Meetings had already been held on the proposal in the only three communities concerned.

Mr. Heyer addressed the Service club meeting, which was open to the public, in Etiwanda Congregational church.

REGISTERING DEADLINE AUG. 28 FOR CUCAMONGA VOTE IN OCT.

Reisdents of Cucamonga School district, who are not registered voters in the district, have until Aug. 28 to register at the school administrative offices on Archibald Ave. in order to be eligible to vote in the Oct. 21 bond election.

Mrs. Ellida Hawkins, school board president, this week urged residents new to the community to register in order that they might vote in the election.

The district trustees have called for the Oct. 21 election, again seeking approval by the district electorate of a $250,000 bond issue and a $375,000 state apportionment for buildings. These issues were defeated in a June 17 election, but due to the urgent need of the proposed Baker Ave. school, to be known as Los Amigos school, the trustees are again presenting the issues in an election.

Coaches Paul White and Jerry Kehr of the Upland High school athletics staff are this week attending the annual coaches' clinic at California Polytechnic at San Luis Obispo. Both men are accompanied by their families.

Water Districts Set Tax Rates For Current Year

Cucamonga County Water district and Chino Basin Municipal Water district both met in recent sessions in Cucamonga to establish their respective district tax rates for 1958-59.

Directors of Chino Basin district set that district's tax rate at eight cents per $100 assessed valuation of real property in all areas of the district, plus an additional amount of $481 to be levied upon the assessable property in the recent Bryant annexation as the first year's payment of one quarter of the agreed total of back taxes.

Cucamonga Water district directors last week set the tax rate for this year at 80 cents per $100 assessed valuation to provide funds for bond redemption and interest. The rate is a three cent decrease over the 83 cent rat of 1957-58. Operation expenses of the district are provided from revenue from the sale of water to consumers.

Cofer Appeal

A. E. Cofer, 157 N. Euclid Ave., at the Thursday night meeting of Upland city council, submitted in writing an appeal of the planning commission's denial of a variance which would permit enclosing a second floor porch at his home as a bedroom.

Mr. Cofer's appeal was set for public hearing at the regular council meeting of Sept. 4, 8 p.m.

Other city council action Thursday night authorized an agreement with Philip L. Mahar for development of a record of survey.

$2,000 Garage Blaze Controlled

A $2,000 fire Wednesday afternoon, Aug. 6, destroyed a two-car garage and its contents, including an automobile, at the residence of Ernest Strange, 8607 Ninth St., Cucamonga.

Standard's local buying means good business for more than 26,000 "hometown" suppliers

Our shopping list covers everything from adding machines to zinc. Almost any item you can name—from commonplace things like pencils, paint, pipe, printing to the less ordinary like binoculars, badges, blankets and burglar alarms — is on our 50,000-item shopping list.

Here in the West alone, last year Standard was a good customer for more than 10,000 suppliers of goods and services, to whom we paid more than $250,000,000. This was an important factor in the business health of many western towns.

When a sum like this goes into circulation it spreads out in all directions to support jobs and payrolls. It helps assure customers for thousands of enterprises, both small and large, including Standard. That's why we make every practical effort to buy locally—it means better business in the communities we serve.

Progress in the West means—
Encouraging the growth of local business to help provide jobs for a population predicted to increase by one-third in ten years.*

City's Long Standing Dispute With Mrs. Schubert Settled; Confirm Employee Promotions

A long-standing controversy between City of Upland and Mrs. Lillian Schubert, former water department account clerk, was terminated Thursday night by city council action which arrived at a compromise settlement.

Mrs. Schubert, who was discharged from her city position by City Manager Elwin Alder and refused access to her former office desk by city police last Oct. 9, took legal action to inform the city council that she did not recognize the right of discharge utilized by Mr. Alder, adding that neither the city manager nor any other city official could terminate her employment, such action reserved for the council only by state law, the city ordinance and its merit system regulations.

Compromise Settlement

On recommendation of City Attorney Henry M. Busch, Thursday night, the resignation of Mrs. Schubert was accepted as of Nov. 30, 1957, and any termination of her employment prior to said date rescinded and payment of her regular salary of $362 a month be made through Nov. 1957. This action was hinged on the provision that pending litigation by Mrs. Schubert vs. the city be stopped.

Mrs. Schubert is now employed at Calif. Institution for Men, having successfully passed a state examination for the position after being employed for several months in the Ontario branch ofices of San Bernardino county.

Four Advancements

In the same session, the councilmen approved advancement for four city employes as recommended by Mr. Alder. Fred H. Strohte's promotion from sergeant to captain in the Police Dept. was approved, effective Sept. 1, as was the appointment of Mrs. Ruth Land as water department account clerk, effective Sept. 15. Mrs. Land has served in the city hall on an hourly basis for six years, doing clerical work in almost every department of the city government.

Roger Johnson was given Aug. 1 permanent status as an engineering aide on the staff of City Engineer Harold Wilder, and John Lentz was made a permanent member of the Police dept., having completed the one-year probationary period of service as a patrolman on Aug. 1.

Letters Laud Petty

Two letters lauding the services of Rellis V. Petty, member of the city building department staff, during his city employment and urging that all possible action be taken to retain his services with the city were read as received from Medco Constructon Corp. and Virgil H. Smith and Co., Builders. The letters were placed on file.

A review of the city's salary pay schedule as accepted by the council in July, 1956, after submission by E. R. Kroeger, was given each council man for study and review.

Chess Players At Start Of Tournament

Nears $20 Million Mark

City's Assessed Valuation Up $1½ Million For '58

Assessed valuation of property within the limits of Upland climbed $1½ million to total almost $20 million for 1958, according to word received here by the office of City Clerk Hazel Cassell from Asst. County Auditor Jocelyn Cox.

Upland's new assessed valuation figure is $19,635,150, an increase of $1,569,100 over the 1957 of $18,066,050. Of the new total, $15,761,480 represents secured property; $1,166, 840 represents unsecured property and utilities total $2,706,830.

This city ranks fourth among the county's top 10 towns and cities in assessed valuation. San Bernardino continues to lead with an assessed valuation of $103,451,020, followed by Ontario with a total of $48,037,880 and Redlands with a total of $30,699,120.

After this trio of major cities, Upland leads the smaller cities of the county with its assessed valuation of $18,066,050, followed by Fontana, $15,506,580; Rialto, $15,176,730; Chino, $9,955,350; Barstow, $9,723,760; Montclair, $8,958,720, and Needles, $3,885,710.

Neighboring Montclair, the county's newest city, showed the largest proportionate gain, increasing its assessed valuation from $8,958,720 to $11,426,460. All county cities show increases, with more than a third of the valuation of the incorporated communities represented by the city of San Bernardino.
